Dear Meridian Charter Schools Families,

Welcome back to a new and exciting school year!

We are excited to have you and your family back and grateful for your continued support. Your partnership is critical to our shared goal of fostering the success and well-being of every child and community member. Together, we aim to create a consistent, safe, and intellectually rich environment that supports each child's academic, social, and emotional needs. We commit to fostering a sense of belonging for every student, staff member, and family that walks through our doors.

Our dedicated team is committed to providing the highest quality education, engaging your child both academically and socially, and equipping them with the skills and knowledge necessary for future success. We promise to strive for continuous improvement and align our work with equitable best practice. We appreciate that you share this ambitious vision and are honored to be part of your child's educational journey.

In your preparation for this school year, please take a moment to review the student-family handbook carefully. The handbook outlines our policies and procedures, which are designed to create an environment where every child can thrive. There is also important information on school rules, student expectations, and how we work together with families to treat each student with dignity and respect.

We encourage you to discuss the handbook with your child and ensure that everyone is familiar with our shared expectations. Strong communication between school and home is essential for setting a positive tone and achieving the best outcomes for our students. Should you have any questions or wish to discuss any aspect of the handbook, please feel free to reach out to a member of your school team or to handbook@meridiancharterschools.org.

We look forward to celebrating your child's achievements throughout the year with the entire Meridian Charter Schools team.

Always in your corner,

Dr. Joanne M. Tanner
CEO, Meridian Charter Schools

SECTION 1: ENROLLMENT & ENTRANCE REQUIREMENTS

NOTIFICATION OF RIGHTS UNDER FERPA (See Appendix)

TITLE IX GRIEVANCE (See Appendix)

NON-DISCRIMINATORY POLICY (See Appendix)

ENROLLMENT

All enrollment and lottery information is managed by the Chicago International Charter School network office. Please visit their website for more information at chicagointl.org or contact them at (312) 651-5000. For enrollment procedures, please see the [CICS Enrollment and Lottery Policy](#).

BIRTH CERTIFICATE REQUIREMENT

Illinois law requires that a certified copy of the child's birth certificate be provided within 30 days of enrollment. Please ensure this document is submitted to the school's main office as soon as possible.

ENTRANCE REQUIREMENTS

To enter kindergarten, a child must be 5 years of age on or before September 1st of the current school year.

EARLY ENTRANCE REQUESTS FOR KINDERGARTEN

- Initiated by parent request in the preceding winter (February 28) to allow time for process and assessment.
- Applicable when a child is not 5 years of age by September 1st.
- The child must turn five years of age by December 31.
- Requirement that the child attended pre-school.
- The school and network determines the assessment tools, review process, and readiness criteria.
- Process used to determine if a student demonstrates compelling evidence that they are intellectually and socially advanced. The decision to allow a student early entrance is solely at the discretion of the school district based on a comprehensive assessment conducted by the school district. This is a multi-faceted process and decision as this has a multi-year impact. The process is co-led by network/regional and campus teams with ultimate decision at the network level.

EARLY ENTRANCE REQUESTS FOR FIRST GRADE

- Initiated by parent request in the preceding winter (February 28) to allow time for process and assessment (if new to the school).
- The child is assessed for and meets readiness standards to attend school and the student may, but is not required to, have attended a nonpublic preschool and continued his or her education at that school through kindergarten and been taught in kindergarten by an appropriately certified teacher.
- Students who are younger than 6 upon starting first grade but who were admitted early to kindergarten do not need to be reevaluated prior to admission to first grade.

RESIDENCY AND TUITION REQUIREMENTS

To enroll at Meridian Charter Schools, students must reside within the City of Chicago. Proof of residency must be provided during registration and may be requested at any time. Non-resident students may be subject to tuition charges in accordance with Illinois law. Residency verification ensures that district resources are used to serve eligible families. For special education students, residency determinations will be made consistent with state and federal guidelines.

MEDICAL REQUIREMENTS

Enrolled students are required by Illinois Law 105 ILCS 5/27-8.1 to submit health forms before October 15th in order to remain enrolled at school. All Student Health and School Forms are provided by schools or the CPS website: <https://www.cps.edu/services-and-supports/health-and-wellness/health-forms/>

1. Physical Examinations:

- a. Required by new students, students entering kindergarten, 6th grade, and 9th grade and any student entering Chicago Public Schools for the first time.
- b. Due for before the start of the school year.
- c. Examinations must be completed within the year prior to enrollment.

2. Immunizations: Proof of required vaccinations must be submitted by October 15th, however, we highly encourage all families to submit proof of required vaccinations prior to the first day of school.

- a. Vaccines are required unless there is an exemption for Religious reasons and filed through an [LL Certificate of Religious Exemption Form](#) or
- b. **A medical exemption:** a student may be exempted from one or more of the specific immunization requirements specified upon acceptance by the designated record keeping office of a written statement by a physician indicating the nature and probable duration of the medical condition or circumstances that contraindicates those immunizations, identifying the specific vaccines that could be detrimental to the student's health.
 - i. If a student is on an approved schedule of receipt for any required vaccine, the student will be granted temporary medical exemption for the duration of the approved schedule.
 - ii. If a student's medical condition or circumstances later permit immunization, the exemptions granted shall terminate and the student shall be required to obtain the immunizations from which the student has been exempted.
- c. **Health Examination and Immunization Policy – Transfer Students**
 - i. Students transferring from out of state who do not have required immunizations by October 15 may attend classes only if proof of a scheduled immunization appointment is submitted. If the required immunization documentation is not received within 30 days of starting school, the student will be excluded from attendance until proper documentation is provided. An age-appropriate developmental and social/emotional screening are included in the health examination requirement. This policy also applies to new enrollees after October 15 and complies with Illinois School Code.

3. Dental and Vision Exams: Required for students entering kindergarten, 2nd, 6th, and 9th grade and any student entering the State of Illinois for the first time.

a. Dental Examination Requirements

In accordance with 105 ILCS 5/27-8.1, students entering kindergarten, 2nd, 6th, and 9th

grades must submit proof of a dental examination by **May 15** of the current school year. The dental examination must have been completed within **18 months prior** to May 15. Parents/guardians may request a waiver if the student shows an **undue burden or lack of access** to a dentist. The waiver form, provided by the **Illinois Department of Public Health (IDPH)**, must also be submitted by May 15.

- i. To access the waiver form or learn more about dental health services, contact your school nurse or visit: <https://dph.illinois.gov>
 - b. **Eye Exam Requirement for Kindergarten and First-Time Enrollees:**
 - i. All kindergarten students and students enrolling for the first time in Illinois must have an eye exam completed by **October 15** of the school year. The exam must be conducted within **1 year prior** to the first day of school.
 - a. If obtaining an eye exam poses an undue burden or lack of access to a licensed optometrist or physician, families may submit a **waiver** using the Illinois Department of Public Health (IDPH) form, available at the main office or online at <https://dph.illinois.gov>.
4. **Health Care Plans** - Contact the school nurse to ensure appropriate planning if your child has Allergies, Asthma, Seizures, Diabetes, or other medical needs.

Please contact the school nurse at your student's school if you have any questions regarding medical requirements. Visit findahealthcenter.hrsa.gov to find a health center near you.

LUNCH FORMS

In September the school receives the Federal Lunch applications: *CPS Family Income Information Form*. These forms are given out to students at the beginning of the school year, upon enrollment, and/or upon request from the main office. Please contact the main office staff if you have any questions on the form. The National School Lunch, School Breakfast, and Child & Adult Care Food Programs allow your child(ren) to eat meals at no cost (one breakfast, one lunch, and, if involved in afterschool activities, one snack or dinner per day). The completion of this form aids in the following:

- Determination of students who qualify for free or reduced meals.
- Determination of school fees waiver.
- Determination of school-wide funding.

RE-ENROLLMENT

Each spring, parents/guardians are required to complete their Re-Enrollment through SchoolMint. This annual request is to ensure student, parent, and emergency contact information is up-to-date in our student records. Upon completion of re-enrollment, the student is considered returning for the next school year, unless a transfer request is requested to the school's main office. The parent/guardian is required to complete the transfer process including an Exit Interview to release the student.

STUDENT TRANSFER

Parent/guardian must complete a transfer form on campus in order to initiate the transfer of records to the child's new school. Upon receipt of the receiving school's written request for student records, a copy of your student records will be shared with the receiving school.

EQUAL EDUCATIONAL OPPORTUNITIES

Meridian Charter Schools admits students of any race, color, nationality, ethnic origin, religion, sex, sexual orientation, ancestry, age, physical or mental disability, gender identity, status of being homeless, immigration status, order of protection status, and actual or perceived marital or parental status (including pregnancy) to all the rights and privileges, programs, and activities generally accorded or made available to students at the school. It does not discriminate on the basis of race, color, nationality, ethnic origin, religion, sex, sexual orientation, ancestry, age, physical or mental disability, gender identity, status of being homeless, immigration status, order of protection status, and actual or perceived marital or parental status (including pregnancy) in administration of its educational policies, admission policies, service scholarships, athletics, and any other programs.

AMENDMENTS

Statements in this handbook are subject to amendment with or without notice. The school will attempt to keep you informed of all changes as soon as possible; however, some changes might be made immediately due to unforeseen circumstances. The current handbook is available for review in the campus main office or on the website.

STUDENT FEES

The school is authorized to charge student fees. Student fees include, but are not limited to, gym uniforms, locks, towels, laboratory equipment, purchased or rented musical instruments to be used by students in band or orchestra, graduation fees, driver's education fees, and school health services.

A student is automatically eligible for a fee waiver when: The student lives in a household that meets the free lunch or breakfast eligibility guidelines established by the federal government pursuant to Section 1758 of the federal Richard B. Russell National School Lunch Act (42 U.S.C. 1758; 7 CFR 245 et seq.) and students whose parents are veterans or active duty military personnel with income at or below 200% of the federal poverty line, homeless children and youth as defined by Mc-Kinney-Vento Homeless Assistance Act. A student who is not automatically eligible for a fee waiver may nonetheless be eligible for a fee waiver if the student's family has experienced unexpected financial hardship such as a significant loss of income due to severe illness or injury in the family or unusual expenses such as fire, flood, or storm damage; or similar emergency situations.

SECTION 2: STUDENT ATTENDANCE, WELLNESS, HEALTH & SAFETY

CHICAGO INTERNATIONAL CHARTER SCHOOLS WELLNESS POLICY (See Appendix)

CAMPUS VISITOR PROCEDURE

All parents/guardians and visitors must enter through the marked main entrance of the school and sign in at the administration office (or designated visitor sign-in location). The school may request any person entering a building or school grounds to identify him/herself and the purpose of his/her visit. Visitors who leave the administration office will be given a badge that must be visibly worn at all times while in the building. Visitors must observe all laws, policies, procedures, and rules while visiting the school. Visitors wishing to volunteer in a classroom must adhere to the Volunteer Policy and undergo a screening and background check based on the number of volunteer hours. See Section 5 regarding the Volunteer Policy.

ATTENDANCE TERMS

- **Attendance Rate:** Your student's attendance rate is the percentage of days present out of total days enrolled; attendance rate includes both excused and unexcused absences.
- **Absence Rate:** Percentage of days absent out of total days enrolled; absences include excused, unexcused, suspensions, and failure to attend a class (skipping class).
- **Chronic Truancy:** The percentage of students with unexcused absences on 5% or more of their enrolled days.
- **Chronic Absence:** The percentage of students missing 10% or more of their enrolled days, regardless of whether the absences are excused or unexcused.

ATTENDANCE PROCEDURES & EXPECTATIONS

Our schools are held accountable for student attendance by annual audits. In Illinois, school attendance is compulsory for all students (ages 6-17). Students are expected to be in class every day. The following reasons are valid causes for a student absence:

- Illness, including the mental or behavioral health of the student;
- Observance of a religious holiday;
- Death in the immediate family or family emergency;
- Other situations beyond the control of the student, as determined by the school or
- Such other circumstances that cause reasonable concern to the parent for the mental, emotional, or physical health or safety of the student. Following an absence, students will be provided the opportunity to make-up work in a timely manner.

STUDENT VACATION

The school strongly discourages extended absences for vacation during the school year. If a parent decides that this type of absence is necessary, written notification must be provided to the school two weeks in advance. Make-up work will be assigned, submitted, and returned according to a timeline determined by the school.

STUDENT ABSENCES AND EXTRACURRICULARS

Students who are absent on any particular school day may not attend or participate in any extracurricular activity held on that day (games, rehearsals, plays, dances, etc.). Students absent on Friday may not attend or participate in activities held during the weekend immediately following the absence.

REPORTING ABSENCES

If a student is going to be absent from school, a parent or guardian must call the school between 7:00 AM and 9:00 AM to report the absence. A school representative will attempt to call the parents if the absence is not reported. If no contact is made with the student's parent/guardian, the absence may be considered unexcused.

Doctor's Certification and Documentation

- For absences of three (3) or more days due to illness, a doctor's certificate is required to excuse the absence and return to school.
- A doctor's certificate must also be provided to excuse medical appointments scheduled during the school day.
- Students can take up to five (5) mental health days each academic year. A doctor's note is not required; however, the student's guardian must report the absence to the school. Students cannot report mental health days for themselves.
- Doctor's notes may **not** be used to reduce the number of absences at or above 21.

Excused Absences

The following circumstances will be considered excused absences with a valid excuse note:

- Illness of the student.
- Medical or dental appointments for the student. A doctor's certificate must be provided to excuse medical appointments scheduled during the school day.
- Mental health day. (Students have up to 5 mental health days; a doctor's note is not required.)
- A death in the student's family.
- Necessity for the student to attend a judicial procedure.
- Observation of a religious holy day by members of a religious group.
- Exclusion, by direction of the authorities due to quarantine, contagious disease, infection, infestation, or other conditions requiring separation from other students for medical or health reasons.

Unexcused Absences

When a student returns to school after an absence without prior notice, the absence will be recorded as unexcused. If notes for excused absences are sent within 48 hours of the absence, they will be updated in the student information system as excused.

The following circumstances will be considered as unexcused absences:

- Family vacations
- Oversleeping
- Car trouble

- Traffic trouble
- Sibling illness
- Other non-essential absences that are not illness or emergency related

CHRONIC ABSENTEEISM

Chronic Absenteeism is defined by when a student misses 10% or more of school regardless of excuse.

Chronic Absenteeism Communication

Students who are absent for 10% or more of the school year are considered at-risk and are assigned chronic absentee status. We are committed to our students' success, and specific supports and interventions for chronically absent students are detailed below:

NOTIFICATION OF CHRONIC ABSENTEEISM	COMMUNICATION
1st Notification	1. Letter is sent home to announce chronic absentee status 2. Problem-solving meeting is scheduled with the family to determine root causes of absence and to make a plan for improvement
2nd Notification	1. Letter is sent home to announce continued chronic absentee status 2. Mandatory conference is scheduled at the school to formally launch a student attendance improvement plan 3. School network is notified
3rd Notification	1. Certified letter with return receipt is sent to announce continued chronic absentee status 2. Mandatory conference is scheduled at the school to formally review the student attendance improvement plan 3. School network is notified 4. Chicago Public Schools Central Office is notified

TARDIES

Tardy to School

School begins promptly at 8:00AM. Any student not in first period class by the 8:00AM bell is tardy to school. Teachers will mark any student arriving to class after 8:00 AM as tardy. Students arriving more than 10 minutes late to school are required to obtain a tardy pass from the office before going to class. Students who choose not to do so will be subject to disciplinary action.

Tardy to Class

During the school day, High School and Elementary students in departmentalized subjects have a designated amount of time as a passing period to move between each class. A bell sounds at the beginning and end of each passing period. Students are expected to be in their classroom by the start of class; those who are not in class by the start of class are considered tardy to class.

Chronic Tardiness

During the day is a serious academic concern. It is expected that the parents/guardians of chronically tardy students will work with school staff to remedy the concern. Failure to remedy the concern may lead to detention, loss of privileges, parent/guardian meetings, other disciplinary action, referral to counseling support or community agencies, etc.

10 TARDIES	Students will be referred to a counselor to develop a student support plan which may involve the inclusion of restorative practices and preventions to resolve tardy issues.
20 TARDIES	In addition to the above, students will participate in an attendance skills-based group in order to develop the skills necessary to arrive at school and class on time.
30 TARDIES	In addition to the above, the student will meet with the Deans and Administrators. Parents/Guardian are welcome to attend the meeting and engage in the problem-solving process.
40 TARDIES	In addition to the above, students will be subject to disciplinary action.

EARLY DISMISSALS

All campuses are a closed campus. Once a student arrives at the school campus area, they may not leave the campus, unless the student has off-campus privileges of which parents are notified and which applies primarily to upperclassmen. All early dismissals related to dual-enrollment requirements are verified by parent/guardian, administration, and High School Counselors.

Permission to sign off campus at CICS Ralph Ellison Academy applies only to seniors who are enrolled in a work-study program that requires the student to work off-site. Eligibility and applications for work-study are verified with the High School Counselor.

No student may leave the building before dismissal without early dismissal permission and first signing out at the Main Office. Students may be given permission to leave the building during the school day only by administration. Students leaving early must be picked up by a parent/guardian or individual on the student's emergency contact list. Exceptions to High School-enrolled students may be made if the student has driven themselves to school or has written permission from a parent or guardian.

Leaving school early for work, job interviews, leisure, or travel is strongly discouraged and will be marked as an unexcused absence. Whenever possible, appointments should be scheduled so as not to interfere with the school day. If the request involves a medical appointment, the student is required to submit a doctor's statement of verification the following day in order for the early dismissal to be excused.

Early Dismissal Restrictions

There will be no early dismissal after 3:00 pm on days with regular dismissal and no early dismissal after 12:30 pm on Early Release days. Early dismissals on days with afternoon assemblies, pep rallies, or other school wide events at the end of the day cannot be honored until all students are seated and the event has started. Parents should expect delays on these days. Students who receive an early dismissal are not allowed to return to school to participate in athletic events, clubs, or other extracurricular activities on the same day as the early dismissal.

STUDENT APPOINTMENTS

It is the family's responsibility to schedule medical and other appointments outside of school time. Please make every effort to use Wednesday afternoons or early release for day time appointments. On the rare occasion when your child has a medical appointment during the school day, they should not be absent for the entire day. Please be sure to provide a doctor certificate to excuse the absences.

STUDENT VOTING LEAVE

In accordance with Illinois law (10 ILCS 5/7-42(b), 17-15(b)), students who are eligible to vote are entitled to be absent from school for up to two (2) hours to cast their ballots during any general, special, or primary election in Illinois. This applies during the 15 days prior to an election and on the election day itself. Students must notify the school office in advance to request voting leave and coordinate a suitable time to be released from class.

COLLEGE VISITS

Students should see the Counseling Department at least one week in advance to arrange college visits. Students must adhere to all excused absence policies and to the policies communicated by School Administration.

HOMEBOUND INSTRUCTION

If a student is expected to be absent from school, due to a medical condition, for 2 or more consecutive weeks or for a period of or on an ongoing intermittent basis, they are eligible for homebound instruction. This program ensures students continue their education while they are at home or in the hospital.

Eligibility

To qualify for homebound instruction, an individual will complete the [Illinois State Board of Education Medical Certification for Home/Hospital Instruction](#). The form requires information to be completed by the student's health care provider, a physician licensed to practice in medicine. On the form, the physician provides a diagnosis and recommendation for home or hospital instruction.

For homebound instruction services, please contact the homebound instruction liaison or Principal. If your student is hospitalized, kindly inform the school and arrange a re-entry meeting after their discharge to facilitate a smooth transition back to school.

STUDENTS IN TEMPORARY LIVING SITUATIONS

Schools will always support maximum school attendance regardless of housing status. A student is considered to be in a temporary living situation if they lack a fixed, regular, and adequate nighttime residence and includes children and youth who are:

- sharing housing of other persons due to loss of housing, economic hardship, or similar reasons;
- living in a motel/hotel, trailer park, or camping ground, due to lack of alternative, adequate housing;

- living in emergency or transitional shelters;
- living in cars, parks, public spaces, abandoned buildings, substandard housing, bus, or train stations, or similar setting;
- abandoned in hospitals;
- migratory children living in one of the above settings;
- youth not in the custody of a parent/guardian (unaccompanied youth) of any age, in one of the following settings.

The above conditions are only some of the situations considered for Students in Temporary Living Situations (STLS) as defined outlined by McKinney-Vento and IEHCA. Determinations are made on a case by case basis in partnership with a trained school liaison for Students in Temporary Living Situations (STLS).

All STLS students have rights to the following: immediate school enrollment, participation in tutoring services, and other school-related activities, free school meals, fee waivers, free uniforms, and low-cost of free medical referrals, CTA Transportation cards and or transportation services based on the age and location of the student.

Enrollment under STLS rights is defined as a homeless child or youth entitled to immediate enrollment at any of the following: the school in which the student was enrolled housed, including preschool (school of origin as defined under McKinney-Vento and IEHCA), the school in which the school was last enrolled, including preschool (school of origin as defined under McKinney-Vento and IEHCA), and any other attendance public schools with a defined attendance area.

Each campus has a liaison for Students in Temporary Living Situations (STLS) which is typically the Counselor/School Social Worker that serves as the primary contact for support. If you are ever uncertain as to who that coordinator is, please call the main office of the school.

MANDATED REPORTING OF CHILD NEGLECT AND ABUSE

As professionals working in a field that serves children, we have an ethical and legal responsibility to report suspected child neglect and abuse. The law requires staff members (mandated reporters) to file a report with the local Department of Child and Family Services / Child Protection Services when there is reasonable cause to suspect that a child has been, or is in danger of being, neglected or abused. Local agencies and police departments are responsible for investigating reports of neglect and abuse and for determining how a case will be resolved. School personnel are not required to inform families when the local Department of Child and Family Services / Child Protection Services has been contacted. Meridian Charter Schools and CICS are not obligated to disclose which staff member(s) filed the report. In the case of a DCFS hearing, a reporting staff member may be required to testify at a DCFS hearing, and therefore have no exemption to the testimony requirement.

HEALTH SERVICES

A teacher or staff member will refer a student to the School Nurse whenever symptoms indicate the possibility of illness, injury, and/or pain. Minor injuries are treated at school. However, a child's parent or guardian will be contacted in the event of more serious injuries and illness.

Each student is required to have an emergency contact form on file. This form requires the names and phone numbers of not more than 2 adults (18 years or older) who can be contacted in the event a parent/guardian cannot be reached.

ILLNESS AT SCHOOL

Illness Before School

If a student is too ill to attend school or participate in class, they should stay home or seek medical attention. Inform the school by calling the main office that the student will not be attending due to an illness. The main office will provide support on the next steps to document the absence.

Please observe your student carefully each day prior to sending him/her to school and do not send them to school if there are any signs of illness.

If a student exhibits any of the following symptoms, they should be kept at home:

- Temperature over 100 degrees
- Has an unexplained rash
- Diarrhea or vomiting
- Symptoms attributed to pink eye

In alignment with guidance from the Center for Disease Control (CDC), students diagnosed with live head lice will not be sent home early from school. Students will continue to attend school and be treated at home.

Illness During School

If a student becomes ill during the school day and can't remain in class, they must get a pass from their teacher and report to the school nurse or front office. Students are not allowed to contact parents directly; all communication must go through the nurse and the Main Office.

Students will not be sent home for minor ailments like upset stomachs, common colds, or headaches (unless noted on their health form). However, any student showing symptoms of a contagious condition will be sent home.

The Nurse's Office is not for resting due to tiredness to ensure space for those with medical needs. If a student is well enough, they will be sent back to class with a pass from the nurse, which they should present to their teacher. In cases of serious or persistent illness, the nurse may require the student to stay in the office until a parent or emergency contact can pick them up.

Arranging Early Dismissal Due to an Illness

If a student is too ill to remain in school, parents/guardians or emergency contact must pick them up. The school nurse will record the student's details, the time, and the nature of the illness. If a parent or emergency contact is unavailable and the student cannot stay at school, alternative arrangements will be made with the parent's and school administrator's agreement.

ACTIVITY LIMITS OR RESTRICTIONS AT SCHOOL

If activities are to be limited after a serious illness or accident or ongoing medical condition, a statement from a physician is required. The statement must indicate the length of time the limitation must be in place.

Recess and Physical Education are required by Illinois School Code and Illinois Law 105 ILCS 5/27-6. A Parent/Guardian must provide a written request to abstain from Physical Education or any other movement-based activities. Examples requiring refraining from activity may include a minor injury and fasting for religious observances. School administration will be in communication with a student's parent/guardian in situations that may require a student to abstain from a physical activity. See section on *Medical Emergencies During the School Day*.

MEDICAL EMERGENCIES DURING THE SCHOOL DAY

In the event of a medical emergency during the school day, we are obliged to notify the proper medical and emergency authorities, set aside an area where the sick/injured student can be taken, and notify the student's parent/guardian or the emergency contact identified on school records. The school will abide by the recommendations of medical and emergency authorities and will assist, if requested, in the transportation of the injured student to a designated medical facility. The school nurse or appointed designee will make every effort to provide support, assistance, and resources to the student until medical attention is secured.

MEDICINE DISTRIBUTION

Administration of Medication

Students may only receive medication during school hours under strict adherence with the Illinois School Code and general medical and scientific advisories.

No student is allowed to possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this procedure.

Before any prescription medication can be administered at school, both parents/guardians and the child's medical provider must complete, sign, and submit the necessary forms. These forms are available at the school nurse's office or can be downloaded from the school website.

In Illinois, the administration of medical cannabis in schools is governed by Ashley's Law, which allows for the use of medical cannabis by students under specific conditions. Schools must comply with guidelines set by the Illinois State Board of Education (ISBE) and local district policies. These regulations ensure that medical cannabis can be administered to qualifying students by designated caregivers or school personnel, following strict protocols to maintain safety and compliance with state law.

Always consult the school nurse to ensure full compliance of the medication and school resources.

Medication Log

All medication, prescription, and over the counter are to be logged by the Nurse, Principal, or Principal designees each time the medication is given or self-administered during school hours or school-sponsored activities. This applies to students who are authorized to carry and self-administer their medication under the direct supervision of authorized school personnel.

Prescription Medication

All prescription medication must be accompanied by an administration of medication form with the below information and signed by the medical provider and the parent/guardian which must be on file at the Nurse's Office. Parents/guardians are responsible for picking up discontinued medications. Any unclaimed medication will be discarded promptly, with all remaining medications discarded at the end of the school year.

For prescription medication to be administered at school, it must be brought to the Health Office by a parent/guardian in its original pharmacy-labeled container and the administration of medication form or medical providers note must include:

- Student's full name
- Prescribing provider's name and phone number and signature
- Medication name
- Dosage instructions (administration method, dose, frequency)
- Diagnosis requiring medication
- Any expected side effects

Self-Carry and Self-Administration Forms: To self-carry and self-administer prescription medication at school, parents/guardians and the student's medical provider must complete the required *self-administration of medication* forms, available from the school nurse's office. The form must include documentation of the specific location of the rescue medication (e.g., backpack, classroom)

Only the following qualifies for self-carry and self-administration with a signed authorization form:

- Rescue Asthma Inhaler as outlined in their Asthma Action plan;
- Epinephrine auto-injector and/or a single dose of antihistamine (as a rescue), as outlined in their plan;
- Diabetes testing device, supplies, insulin, and rescue glucagon-as outlined in their Diabetes Care Plan on file with the school;
- Epilepsy supplies, equipment, and seizure rescue medications as outlined in their Seizure Plan.

Students may self-administer (but not possess on their person) other medications required under a qualified plan, provided the student's parent/guardian has completed and signed a School Medication Authorization Form.

Students are subject to record-keeping in the medication administration log.

The school, and its employees and agents are exempt from liability or professional discipline, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of any medication pursuant to a student's authorized self-administration of medication plan (i.e., IEP, Section 504 plan, Individual Health Care Action Plan, asthma action plan, or allergy emergency action plan).

Over-the-Counter Medication

Over the counter medications follow the same procedures as prescribed medications during school hours. Students are not allowed to self-carry and self-administer over the counter medications during school hours. This includes cough drops and lozenges.

Students that require over the counter medications during school hours or school sponsored events must have parent/guardian authorization in writing with a medical provider order with indication of the over the counter medication.

Any non-prescription medications must also be supplied in the original container and must be accompanied by written instructions from a physician and consent from a parent/guardian.

Storage and Prescription and Non-Prescription Medication

All medications are to be stored in a locked storage unit and monitored by the nurse. Exceptions apply based on the authorization forms submitted on file. At last annual updates are required for medication.

Undesignated Medications

The school may maintain the following undesignated prescription medications for emergency use: (1) Asthma medication; (2) Epinephrine injectors; (3) Glucagon, and (4) Oxygen Tanks. As of January 1, 2024 opioid is not discretionary and schools must maintain an undesignated supply of opioid antagonists. 3) No one, including without limitation, parents/ guardians of students, should rely on the school for the availability of undesignated medication. This procedure does not guarantee the availability of undesignated medications. Students and their parents/guardians should consult their own physician regarding these medication(s).

EMERGENCY AID TO STUDENTS

Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication. The school, and its employees and agents are exempt from liability or professional discipline, except for willful and wanton conduct, as a result of any injury arising from the administration of Epinephrine Injectors (Epi-Pen) regardless of whether authorization was given by the student's parent/guardian or by the student's physician, physician assistant, or advanced practice registered nurse.

FOOD ALLERGY POLICY

Our schools follow the Chicago Public Schools (CPS) food allergy policy to help prevent any health-related emergencies for students with severe allergies. School leadership teams and school nurses will send home the food allergy policy at the beginning of the school year. All families and staff are expected to adhere to the CPS policy. If a student has an allergy that would limit participation in school activities or the food program, please provide the school with medical documentation of such. All CICS School employees and agents are exempt from liability or professional discipline, except in the case of willful or wanton conduct, as a result of any injury arising from the administration of asthma medication, an EpiPen, or an opioid antagonist.

Parents/guardians must complete [Physician's Report on Child with Allergies](#) annually. Parents must sign and return an acknowledgment of this policy and ensure that schools have up to date medical needs. Refer to the Main Office and or Nurse for specific forms needed to report allergies.

CARE OF STUDENTS WITH DIABETES

In accordance with the Care of Students with Diabetes Act (105 ILCS 145/1 et seq.), students with diabetes must have an annually submitted Diabetes Care Plan (DCP). Parents/guardians are required to:

1. Submit the completed DCP to the school nurse or administrator
2. Sign a release, authorization, and acknowledgement form
3. Understand that the DCP may function as a Section 504 Plan or be integrated into an Individualized Education Program (IEP) as appropriate

Designated staff will receive annual training on diabetes symptom recognition, blood glucose monitoring, emergency response, and glucagon administration.

SEIZURE SMART SCHOOL ACT

In compliance with the Seizure Smart School Act (105 ILCS 150/1 et seq.), Meridian requires submission of a Seizure Action Plan (SAP) for any student with a seizure disorder. Parents/guardians must:

- Provide a completed SAP outlining emergency response protocols
- Sign an authorization, release, and acknowledgement form
- Be aware that the SAP may serve as a 504 Plan or be incorporated into an IEP, depending on the student's individual needs

School personnel are trained annually to identify seizure symptoms, respond appropriately, and administer prescribed rescue medications.

UNITED STATES DEPARTMENT OF AGRICULTURE SMART SNACKS POLICY

All celebrations must meet the USDA Smart Snack requirements or feature non-food items, whether they're sent from home (e.g., birthdays) or provided by school staff (e.g., class rewards, incentives).

- USDA Smart Snacks do not include cupcakes, ice cream, fast food, outside pizza, etc.
- Illinois state mandated wellness policy does permit each school to designate up to 10 exemption days per year during which USDA Smart Snack requirements are waived.

This healthy approach to celebrations is quickly becoming the nationwide standard based on a commitment to wellness, state and federal requirements, and avoidance of allergies. We appreciate your compliance and any efforts to communicate this positive step forward in supporting our students.

Students are not permitted to bring in foods that are unhealthy or high in sugar, nor are they permitted to bring food that requires any preparation, such as heating. Unhealthy foods that are not permitted include candy, soda, energy drinks, donuts, cupcakes, chips, candy bars, etc.

Please note that in general there is a no gum policy. Students, however, may be provided gum as part of their IEP accommodations.

RECESS

Recess is a non-instructional time during the school day during which students have the opportunity to develop and practice valuable skills that will help them succeed academically and socially. In accordance with Illinois Public Act 102-0357, schools provide daily time for supervised, unstructured, child-directed play for all students in kindergarten through Grade 5. Schools do not withhold play time as a disciplinary or punitive action, except when a student's participation in play time poses an immediate threat to the safety of the student or others. School officials shall make all reasonable efforts to resolve such threats and minimize the use of exclusion from play to the greatest extent practicable and in accordance with subsection

Goals of recess include: increasing physical activity time, learning and practicing social skills, engaging in developmentally appropriate games, and having fun. Recess is part of the school day. Basic expectations for behavior inside the school extend to recess.

Cold Weather Guidelines

Whenever possible, we encourage outdoor recess, which allows students to get fresh air, provides an opportunity for students to engage in moderate to vigorous physical activity, and gives students more activity options than most indoor spaces. We ask parents/guardians to send their students to school in appropriate clothing for outdoor recess.

Please Note: We cannot accommodate requests for an alternative recess experience (we lack the ability to offer adequate recess space and supervision in more than one location) unless it is applicable by a student's individualized education program (IEP) or Section 504 Plan.

The following cold and warm weather guidelines will be used to determine whether or not indoor/outdoor recess takes place.

- Above 32 degrees with or without wind chill: Recess should be held outdoors.
- Between 15-32 degrees with or without wind chill: Principal discretion.
- Below 15 degrees with or without wind chill: Recess should be held indoors.
- Precipitation: Snowy and icy conditions should be evaluated for student safety and attire.
- Preparedness: Students should have appropriate outdoor attire to stay warm and dry during recess.
- Playground safety: The playground equipment and surface (i.e., icy conditions) is evaluated to determine whether students can safely play outdoors.

Warm Weather Guidelines

- Heat index of 90 degrees F or below: Recess should be held outdoors.
- Heat index between 91 degrees F and 94 degrees F: Principal discretion.
- Heat index above 95 degrees F: Recess should be held in a cool location.

SECTION 3: ACADEMIC PROGRAMMING

CURRICULAR APPROACH

The school's curriculum is developed in a way that integrates critical content into core classes. This curriculum is designed to help students understand how to achieve remarkable growth as measured by the State of Illinois and Chicago Public Schools' required testing systems, including the ACT and Illinois Assessment of Readiness (IAR), to ensure that all of our students are prepared to be successful in college.

Through Academic Approach and iReady, students are tested at regular intervals throughout the academic year to determine their individual growth toward mastery of standards. Teachers and administrators analyze the data and use the information to inform their work in the classroom to better address student needs. Using the information gleaned from these assessments in conjunction with student performance in the classroom, our staff is able to make adjustments to ensure that all students are challenged appropriately with the scaffolding and access to grade level content.

ACADEMIC REQUIREMENTS - CICS WRIGHTWOOD ELEMENTARY

CICS Wrightwood is a K-8 college prep elementary school where students attend full-time. We offer a rich curriculum designed to provide students with a strong foundation in core academic subjects.

ELEMENTARY SCHOOL COURSES (GRADES K-6)

Literacy: At CICS Wrightwood, we foster a love for reading and writing by creating engaging opportunities for students to be active readers and writers daily. Our approach develops essential literacy skills in reading, writing, speaking, and language arts (word study, vocabulary, and mechanics), preparing students for success in school and beyond.

Reading: Our reading curriculum, using iReady Magnetic and Wit & Wisdom, is tailored to meet today's educational challenges and support all learners. It includes a wealth of research-based print and digital resources that build strong literacy foundations, help students access complex texts, and encourage collaborative discussions. Lessons are aligned with Common Core State Standards, and feature leveled readers to inspire a passion for reading.

Writing: We emphasize developing strong writing skills across various genres, as outlined by Common Core State Standards. Students participate in writing workshops that offer daily practice in language mechanics and the writing process. They learn to edit and revise their own work and that of their peers, with exposure to narrative, informational, persuasive, and functional writing.

Language Arts: In our Language Arts courses, students explore writing mechanics, grammar, word structure, patterns, and vocabulary. The curriculum is designed to align with Common Core Language Arts standards and supports students in mastering these essential skills.

Mathematics: Our math program promotes a deep understanding of mathematical concepts through incremental learning. Instruction is carefully structured to ensure students master each skill before moving on to the next. The curriculum integrates Common Core State Math Standards to build a strong mathematical foundation.

Social Studies: Students engage in a research-based Social Studies curriculum that prepares them to be knowledgeable and critical thinkers. The core curriculum and supplementary materials guide their learning, incorporating Common Core State Standards and supporting their development in history and critical thinking.

Science: Students explore science through an integrated curriculum aligned with Common Core State Standards and Next Generation Science Standards. Our approach includes genre-based learning to foster curiosity and understanding of scientific concepts.

Physical Education: Physical Education classes focus on developing motor skills and learning the fundamentals of basic sports and teamwork concepts. This instruction supports students' physical development and well-being.

Social-Emotional Learning: We are dedicated to fostering positive character traits and social-emotional skills. Each month, students focus on a specific trait, such as respect, responsibility, compassion, and honesty, helping them grow into well-rounded individuals.

JUNIOR ACADEMY MIDDLE SCHOOL COURSES (GRADES 7-8)

Literacy: Our approach to literacy in the Junior Academy continues to emphasize active reading and writing. We prepare students for success in high school and beyond by focusing on essential literacy skills, including reading, writing, speaking, and language arts.

Our curriculum provides incremental learning and a deeper understanding of mathematical concepts, with instruction carefully sequenced to support mastery of each skill before introducing new concepts. This prepares students for future academic and career success.

Social Studies: Students explore social studies through a research-based curriculum that prepares them to be knowledgeable and critical thinkers. The curriculum integrates Common Core State Standards and enhances students' understanding of historical and contemporary issues.

Science: In Junior Academy, science instruction includes a diverse range of genre-based studies that align with Common Core State Standards and Next Generation Science Standards. The curriculum is designed to foster inquiry, critical thinking, and hands-on exploration while also preparing students with foundational skills for future science assessments.

Physical Education: Students continue to develop motor skills and learn basic sports fundamentals in Physical Education classes, promoting physical fitness and teamwork.

Social-Emotional Learning: We integrate social-emotional learning into our curriculum to support students' overall development. This includes fostering skills such as self-awareness, self-management, social awareness, relationship building, and responsible decision-making.

Grade Level Promotion: Elementary Promotion Policy

To be considered for promotion to the next grade level, students must meet the following criteria:

- **Passing Course Grades:** Students are required to earn passing grades in their coursework.
- **Assessment Performance:** Students will be assessed based on their performance on state assessments and diagnostic tools such as IAR and iReady. If students are significantly below grade-level expectations as indicated by these assessments, their promotion will be reviewed on an individual basis in collaboration with Network leadership.
- **Attendance:** Regular attendance is an important factor in promotion decisions.

OPPORTUNITIES FOR REMEDIATION

Students who are not meeting the required standards will be provided with opportunities for remediation and recovery throughout the school year and during the summer before promotion. This support is aimed at helping students achieve the necessary academic progress to move to the next grade level. Promotion decisions will be made considering a combination of these factors to ensure each student's academic needs are addressed effectively.

ACCELERATED PLACEMENT PROGRAM

Meridian Charter Schools are committed to providing equitable access to accelerated learning opportunities. Parents/guardians, students, and staff may request an evaluation for eligibility into our Accelerated Placement Program. Students who meet or exceed standards in English Language Arts, Math, or Science on a State assessment may be automatically enrolled in the next most rigorous level of coursework, per state law. Efforts are made to ensure historically underrepresented students are included in outreach and eligibility evaluation.

HIGH SCHOOL PROMOTION

Earned credits are reviewed annually to ensure that each student is on track to graduate and receive a High School Diploma. If a student is not meeting earned credit requirements, the school will work with the student and family to create a plan for credit recovery to get the student back on track. Missing credits will be made up through Summer School and/or credit recovery. The promotion of students eligible for special education and related services under the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act of 1973 will be assessed on a case-by-case basis with consideration of the student's IEP or Section 504 team.

GRADING AND REPORTING

Grading and Assessment Overview

The faculty and staff are committed to the development of innovative, meaningful, and challenging learning experiences that promote academic achievement for all students. As part of this commitment, educators are dedicated to the implementation of effective assessment practices that communicate clearly to students, parents, and other stakeholders information on academic progress throughout the school year.

Grading practices and grades work to generate data on students' levels of mastery of learning standards. Grading practices are the combined result of clearly stated instructional outcomes and the provision of numerous opportunities for students to demonstrate mastery, or progress toward mastery, of learning objectives. Grades are solely reflective of a student's level of mastery of clearly communicated instructional outcomes, which may be appropriately differentiated based upon student need.

Progress Reports: Progress reports are regularly made available to keep families informed. Parents are encouraged to access PowerSchool frequently to stay updated on their student's progress in all courses and to communicate any questions or concerns to teachers. The school will send reminders throughout the year to review your student's grades.

Report Cards: Grade reports will be issued at the end of each semester, with one report card provided per student. Under the Illinois School Student Records Act (105 ILCS 10), parents or legal guardians have the right to request copies of student records. Requests can be made by visiting the main office in person or submitting a written request.

FAMILY-STUDENT-TEACHER CONFERENCES

Family-Student-Teacher conferences are a valuable opportunity to celebrate student progress and collaborate on academic goals. Scheduled at the end of the first and third quarters (see calendar for specific dates), these conferences are designed to keep families informed and engaged in their student's education.

Report cards for the first and third quarters will be distributed during these conferences. We encourage students to attend the conferences along with their families to actively participate in discussions about their achievements and areas for growth.

Families are also welcome to schedule additional conferences throughout the year to proactively address any academic concerns or to celebrate successes. Open communication between families, students, and teachers is key to fostering a supportive and enriching educational experience.

TRANSCRIPTS

For your convenience, transcript requests can be made through the main office. Transcripts provide a comprehensive record of semester grades, GPA, and completed service hours. We are pleased to offer the first transcript free of charge.

TRANSFERS

We are honored when families choose Meridian Charter Schools for their child's education and it is always our hope that students remain enrolled with us throughout the duration of the school year. However, there will be circumstances that require students to disenroll from our schools (e.g., the student's family moves to a distant location). In those instances, we are required by law to have the registering parent/guardian complete a withdrawal form in order to initiate the transfer of records to the child's new school. The family must return any school issued items to the campus. The receiving school must submit, in writing, a request for student records in order to release and transfer student records. Additionally, we would ask families to complete a very brief exit survey and meet with school leadership prior to transfer.

EXTRACURRICULAR & ATHLETIC OPPORTUNITIES

High School Athletics: Meridian Charter Schools recognizes the importance of athletics in the development of young students. CICS Northtown Academy and CICS Ralph Ellison Academy High School are members of the Illinois High School Association (IHSA), the sanctioning body for interscholastic high school athletic competition in the state of Illinois and adheres to their respective rules and regulations. Students must sign a CICS Athletic Eligibility Contract, have a current athletic physical on file with the school, and meet eligibility requirements by maintaining acceptable behavior, regular attendance, and good academic standing. Our schools commit to abide by the rules and regulations of the Illinois High School Association ("IHSA"). In those instances where the rules of Chicago Public Schools are stricter than those of the IHSA, the rules of Chicago Public Schools will govern.

High School Sports Seasons: The formal seasons for high school sports are determined according to the IHSA calendar and will conclude with the Chicago Public League Championship contest or meet, with the exception of those teams involved with IHSA tournaments or other authorized contests.

Elementary School Sports Program: CICS Wrightwood Elementary School may elect to participate in the CPS Elementary School Sports Program based on student interest and staffing. CICS Wrightwood shall provide elementary students with the opportunity to participate in organized interscholastic league play. The CPS Office of Sports Administration shall be responsible for establishing and following the rules and regulations for the administration, organization, delivery, and operation of the Elementary School Sports Program.

Athletic Eligibility: In order to be eligible for participation in interscholastic sports, students must be passing all classes. Student athletes will be informed of their eligibility status following grade checks and discipline record reviews every Friday. A student-athlete serving an out-of-school suspension for an act of misconduct may not attend school-sponsored events, including athletic competitions, and may not attend activities on school grounds, including team practices, during the term of the suspension.

A student who is failing more than one class is ineligible for a period of one week (defined as Saturday through the following Friday). A student who is not meeting the school's behavior expectations is ineligible for a period of one week. If a student does not improve their standing at any point during that period, they will remain ineligible for the remainder of the week. Eligibility is reinstated on Friday afternoons following the weekly report confirming that the student is passing all courses and shows a marked improvement in behavior. The Athletic Director and Dean of Students, in cooperation with the faculty and administration, will make decisions regarding weekly eligibility.

Athletic Event Visitor Conduct: Meridian Charter Schools staff members retain the right to remove any spectator from an athletic event and the school premises who is acting in an unruly manner or in a way that disrupts the safety and security of the student-athletes, staff, or other spectators, whose conduct is not in keeping with the code of conduct that students are expected to follow, or whose behavior that places in jeopardy the school's reputation or relationships with the surrounding community or other organizations.

Club Membership: Extracurricular activities are designed to be an extension of the learning experience. All students must be in good academic and social standing in order to participate in any activity (clubs, sports, boards, and office). Club membership, academic service, and leadership achievements are recorded on students' permanent records. CICS Northtown Academy High School, CICS Ralph Ellison Academy High School, and CICS Wrightwood Elementary offer a variety of clubs, athletic teams, school organizations, and activities. Membership is an integral part of the learning process because it contributes to the student's complete cultural and social development.

Club Meetings: Students are expected to attend all scheduled meetings of the clubs and organizations to which they belong. Repeated unexcused absences from meetings may result in removal from the club roster if other interventions and supports are not successful.

Formation/Review/Disbanding of Clubs: In order for a group to organize itself into a club, it must submit a formal application; please see the Dean, Assistant Principal, and Principal for an application.

Frequent reviews may be done of clubs/organizations/teams. Clubs must receive approval from the Principal or designee before officially disbanding. The school administration may disband a club/organization/team for failure to meet objectives or inappropriate actions.

Club Officers: Officers are elected from among the members of the club. Specific requirements are clarified in club constitutions. Students are discouraged from holding office in more than one club.

Removal from Office: An officer may be removed from office by the Club Moderator with approval of the Assistant Principal after two unexcused absences of planned club meetings and or events, failure to represent their group properly and fairly, failure to carry out their duties as an officer, or for any other action which is detrimental to the welfare and best interest of the division and school. If a student is involved in a serious discipline issue, they may be removed from office. If an advisory representative resigns or is removed from office, the division chooses a new officer, except in the case of the President, in which case the Vice President takes their place.

Extra-Curricular Eligibility: Meridian Charter Schools maintains high standards for participation in clubs and student government. Student grades and behavior will be checked on a weekly basis. Students who are not meeting their behavioral expectations to the school community or who are failing a class may lose the privilege of participation in said extra-curricular activities for a period of one week (a week runs Monday through Sunday). If a student improves his/her standing at any point in the week, he/she will remain ineligible for the remainder of the week. Eligibility is reinstated on the Monday following the weekly report confirming that the student is passing all courses.

These classes are available throughout the year, after the regular school day, providing valuable opportunities for

students to learn essential driving skills. While the number of seats in these classes is limited, we strive to accommodate as many students as possible. For additional Drivers' Education opportunities, parents are encouraged to contact their local CPS high school for information on class times and availability. Please note that students should ensure their Drivers' Education classes do not conflict with our regular school day schedule. Our goal is to provide flexible and accessible options to help our students succeed in gaining their driver's education.

Summer School: Meridian Charter Schools are committed to supporting students' academic success, and we proudly offer summer school programs to help students stay on track. These programs provide an excellent opportunity for students to remediate credits and strengthen their understanding of key subjects. This may include locations beyond their enrolled campus, offering flexible options to meet individual needs. If a student has not passed a course during the regular school year, parents are encouraged to contact the Assistant Principal or Principal to discuss summer school options and ensure there are no scheduling conflicts. Summer school is designed to support students' continued learning and help them achieve their academic goals in a positive, encouraging environment.

SECTION 4: STUDENT CODE OF CONDUCT

CHICAGO INTERNATIONAL CHARTER SCHOOL STUDENT CODE OF CONDUCT

The Chicago International Charter School (“CICS”) and the School Management Organizations (“SMO’s”) expect all students to conduct themselves in a socially responsible manner. CICS takes a preventative, positive approach to discipline whenever possible rather than focusing exclusively on punishment. Disciplinary measures are used to maintain a safe and orderly school environment, which promotes CICS’ philosophy of providing a rigorous education and a sense of belonging for all students. CICS responds to misbehavior with a multi-tiered system of supports for students’ social, emotional, and behavioral needs which includes behavioral interventions as well as disciplinary consequences aimed at teaching expected positive behaviors, understanding and addressing the root causes of the misbehavior, resolving conflicts, meeting students’ needs and keeping students in school and in their classrooms learning. CICS addresses misbehavior on an individual basis and considers the student’s individual circumstances and any mitigating factors.

Students are subject to disciplinary action for engaging in prohibited student conduct as described throughout the Student Code of Conduct (“SCC”) whenever the student’s conduct is reasonably related to school or school activities, including but not limited to: (1) on, or within sight of, school grounds before, during, or after school hours or at any time; (2) off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school; (3) traveling to or from school or a school activity, function, or event; or (4) anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including, but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

Each discipline case will carry its own merit and will be adjudicated per the facts accompanying the case. CICS and SMO staff shall consider all mitigating circumstances prior to disciplinary action. Mitigating circumstances shall include, but are not limited to, the following:

- Age, health, maturity, and academic placement of a student;
- Prior conduct;
- Understanding the impact of actions, willingness to participate with restorative practices, taking responsibility for choices, suggesting ways to repair harm and restore community;
- Seriousness of offense; and
- A student’s status as a parent, expectant parent, or victim of domestic or sexual violence.

Efforts, including the use of positive interventions and supports, shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else. The Superintendent or designee shall ensure that the parent/guardian of a student who engages in aggressive behavior is notified of the incident. The failure to provide such notification does not limit the Board’s authority to impose discipline, including suspension or expulsion, for such behavior.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student's parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

Prior to utilizing exclusionary discipline such as expulsion or suspension, CICS will exhaust all possible interventions.

Each category of offense listed below has a minimum and maximum disciplinary action associated with it and is proportionate to the offense. After considering the actual disciplinary violation and factors such as those listed above, CICS staff shall determine the disciplinary action within the minimum/maximum range to which the student shall be subjected.

Categories of offenses are listed in six different groups, according to the following Groups:

- **Group 1** lists behaviors that are inappropriate.
- **Group 2** lists behaviors that disrupt.
- **Group 3** lists behaviors that seriously disrupt.
- **Group 4** lists behaviors that very seriously disrupt.
- **Group 5** lists behaviors that most seriously disrupt.
- **Group 6** lists behaviors that are illegal and most seriously disrupt.

RIGHTS AND RESPONSIBILITIES

STUDENTS

All students are entitled to enjoy the rights protected by the U.S. and Illinois Constitutions and laws for persons of their age and maturity in a school setting. Students should exercise these rights reasonably and avoid violating the rights of others. SCHOOL DRESS CODES AND UNIFORM POLICIES

Each school may adopt a dress code policy that prevents students from wearing certain items or a uniform policy that requires students to wear a specific uniform. Dress codes and uniform policies should be gender-neutral and cannot prohibit hairstyles or head coverings historically associated with race, ethnicity, religion or hair texture, including, but not limited to, protective hairstyles such as braids, locks, and twists.

Students who fail to follow a school's dress code or uniform policy may be given a non-exclusionary restorative consequence, and may not be barred from participating in any instructional activities. A student may receive additional consequences for violating a school's dress code or uniform policy if the student's dress disrupts or may disrupt the educational process. For example, a student may receive a consequence for wearing clothing or accessories that display gang affiliation.

HARASSMENT OF STUDENTS PROHIBITED

No person, including a CICS employee, agent, or student, shall harass, intimidate, or bully a student on the basis of actual or perceived: race; color; national origin; military status; unfavorable discharge status from military service; sex; sexual orientation; gender; gender identity; gender-related identity or expression; ancestry; age; religion; physical or mental disability; order of protection status; status of being homeless; actual or potential marital or parental status, including pregnancy; physical appearance; socioeconomic status; academic status; association with a person or group with one or more of the aforementioned actual or perceived characteristics; or any other distinguishing characteristic. CICS will not tolerate harassing, intimidating conduct, or bullying whether verbal, physical, sexual, or visual, that affects the tangible benefits of education, that unreasonably interferes with a student's educational performance, or that creates an intimidating, hostile, or offensive educational environment. Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.

CICS BULLYING PREVENTION POLICY

The Illinois General Assembly has found that a safe and civil school environment is necessary for students to learn and achieve. Bullying is directly contrary to this and can cause physical, psychological, and emotional harm to students and interfere with their ability to learn and participate in school activities. Bullying has been linked to other forms of antisocial behavior, such as vandalism, shoplifting, skipping and/or dropping out of school, fighting, use of drugs/alcohol, sexual harassment, and sexual violence. (105 ILCS 5/27-23.7).

A safe and civil school environment is necessary for students to learn and achieve. Chicago International Charter Schools (CICS) promotes a safe and secure learning environment for all students and takes allegations and reports of bullying very seriously.

Bullying on the basis of actual or perceived race, color, religion, sex, national origin, ancestry, physical appearance, socioeconomic status, academic status, pregnancy, parenting status, homelessness, age, marital status, physical or mental disability, military status, sexual orientation, gender-related identity or expression, unfavorable discharge from military service, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited.

“Cyber-bullying”, as defined in 105 ILCS 5/27-23.7, means bullying through the use of technology or any electronic communication, including without limitation any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole photoelectronic system, photo-electronic system, or photo-optical system, including without limitation electronic mail, Internet communications, instant messages, or facsimile communications. Cyber-bullying includes the creation of a webpage or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of bullying. Cyber-bullying also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons if the distribution or posting creates any of the effects enumerated in the definition of bullying.

Cyber-bullying means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student’s or students’ person or property;

3. Substantially interfering with the student’s or students’ academic performance; or
4. Substantially interfering with the student’s or students’ ability to participate in or benefit from the services, activities, or privileges provided by a school.

Cyber-bullying may take various forms including without limitation one or more of the following: harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying. This list is meant to be illustrative and non-exhaustive.

No student shall be subjected to bullying:

1. During any school-sponsored education program or activity;
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities;

This only applies in cases in which a school administrator or teacher receives a report that bullying through this means has occurred and does not require a district or school staff or monitor any non-school-related activity, function or program.

Nothing in this policy is intended to infringe upon any right to exercise free expression or the free exercise of religion, religiously based views protected under the First Amendment to the United States Constitution or under Section 3 of Article I of the Illinois Constitution.

Bullying is contrary to State law and the policies of CICS.

No student who witnesses bullying may stand by or participate in the bullying, but must notify an adult at school and an adult at home as quickly as practicable.

Any parent or guardian who witnesses or is notified of bullying has an obligation to advise the Principal or SMO staff as quickly as possible.

Parent(s) and/or guardian(s) are asked to monitor their children's personal devices at home to ensure that they are not engaging in bullying and/or cyber-bullying, via various social media outlets.

SEXUAL MISCONDUCT PROHIBITED

Sexual misconduct is defined as a form of sex or gender-based discrimination or harassment, including any conduct of a sexual nature that is unwelcome or inappropriate and unreasonably interferes with, limits, or denies an individual's educational or employment access, benefits, or opportunities.

CICS is committed to providing an educational and workplace environment free from sexual misconduct. CICS does not discriminate on the basis of sex in any of its education programs or activities, and it complies with Title IX of the Education Amendments of 1972 (Title IX) and its implementing regulations (34 C.F.R. Part 106) concerning everyone in CICS' education programs and activities, including applicants for employment, students, parents/guardians, employees and third parties.

Title IX requires schools to prevent, recognize, and respond to sexual violence, sexual harassment, and discrimination on the basis of sex and/or gender. Under this law:

- Students are guaranteed freedom from sexual harassment and/or sexual violence.
- Students are guaranteed the freedom to report an incident to school or police (and to receive a prompt and fair answer).
- If a student is experiencing gender-based discrimination, sexual harassment, or other sexual misconduct they can file a report with the school, SMO or CICS network staff and the OSP at 773-553-4400. If it is an emergency, call 911.

School, SMO and CICS Network employees must take additional steps to report signs of student abuse including calling the Illinois Department of Children and Family Services and the Office of Inspector General.

If school administrators are made aware of a criminal act of sexual misconduct that is in progress, they must contact CPD. When made aware of an allegation of sexual misconduct, including but not limited, sexual harassment, sexual bullying, sexual assault, dating violence, or discrimination related to sex, sexual orientation, gender, or gender expression, contact the Office of Student Protections and Title IX at (773) 535-4400 to assist in assessing whether police notification is needed. DCFS mandatory reporter obligations are separate from reporting to CPD and must always be followed; please consult the [CPS Policies on Child Abuse and Neglect](#) and the [Office of Student Protections and Title IX](#) if needed.

DATING VIOLENCE AND DOMESTIC VIOLENCE STATEMENT

Engaging in teen dating violence that takes place at school, on school property, at school-sponsored activities, or in vehicles used for school-provided transportation is prohibited. Teen dating violence occurs whenever a student who is 13 to 19 years of age uses or threatens to use physical, mental, or emotional abuse to control an individual in the dating relationship; or uses or threatens to use sexual violence in the dating relationship. It can include emotional, physical and sexual abuse, stalking, yelling, harassing, threatening, name-calling, threats of suicide, obsessive phone calling or text messaging, extreme jealousy and possessiveness. Domestic Violence is defined as: a felony or misdemeanor crime of violence committed by a current or former spouse or intimate partner of the complainant; by a person with whom the complainant shares a child in common; by a person who is cohabitating with, or has cohabitated with, the complainant as a spouse or intimate partner; by a person similarly situated to a spouse of the complainant under the domestic or family violence laws of Illinois; by any other person against an adult or youth complainant who is protected from that person's acts under the domestic or family violence laws of Illinois. To categorize an incident as Domestic Violence, the relationship between the respondent and the complainant must be more than just two people living together as roommates. The people cohabitating must be current or former spouses or have an intimate relationship.

Any staff member who is notified by a parent, guardian or student, or who suspects that a student has been the victim of dating violence shall immediately report that information to the principal/designee.

These allegations or suspicions should be reported to the CPS Office of Student Protections and Title IX immediately at osp@cps.edu or 773-535-4400. The Principal shall ensure that the student victim of dating violence or domestic violence receives appropriate support services.

ACCEPTABLE USE OF TECHNOLOGY POLICY (“AUP”)

For Authorized Users, CICS provides computers and network capabilities to students for the purpose of enhancing instruction through technological resources. CICS uses filtering and blocking technology to protect against materials that are obscene, pornographic, or harmful to minors. CICS may make Internet access to e-mail available to students on the CICS networks as an educational resource. It is a general policy of CICS to promote the use of computers in a manner that is responsible, legal and appropriate. Student use of the CICS network is a privilege. A student’s failure to adhere to the Policy will result in the revocation of the student’s access privileges. Should a student’s access privilege be revoked, there shall be no obligation on the part of CICS to provide a subsequent opportunity for access to the CICS network. All devices remain the property of CICS or CPS, and therefore are to only be used as an educational tool, are GPS enabled, and must be returned to CICS immediately upon notification. Furthermore, CICS reserves the right to remotely connect with and disable the device without notice

Users accessing the Internet do so at their own risk and CICS and the Chicago Public Schools (CPS) and the City of Chicago are not responsible for material viewed or downloaded from users from the Internet. If a student gains access to inappropriate, obscene, pornographic and/or harmful material, CICS, CPS and the City of Chicago will not be liable. To minimize these risks, student use of the Internet, the CICS network, and computer and electronic mail is governed by this Policy. Student users may apply for less restrictive access to the internet to conduct bona fide academic research under the supervision of a teacher or administrator.

USE OF INTERNET, COMPUTER ACCESS, AND ELECTRONIC MAIL

² A “Deepfake Image” is defined as an image or recording that has been convincingly altered and manipulated to misrepresent someone as doing or saying something that was not actually done or said.

³ “Sexually explicit digitized depiction” means any image, photograph, film, video, digital recording or other depiction or portrayal that has been created, altered, or otherwise modified to realistically depict either: (1) the intimate parts of another human being as the intimate parts of the depicted individual or computer-generated intimate parts as the intimate parts of the depicted individual; or (2) the depicted individual engaging in sexual activity in which the depicted individual did not engage.

- Using the CICS network for political lobbying
- Intentionally disrupting the use of the CICS network for other users, including disruptive use of any process, program, or tool for ascertaining passwords or engaging in “hacking” of any kind, including, but not limited to, the illegal or unlawful entry into an electronic system to gain secret information
- Disclosing, using or disseminating private or personal information of other students, staff or administrators
- Providing access to the CICS network to violate any provisions of the CICS SCC
- Using a modem to dial into any online service provider, Internet Service Provider (I.S.P) or connect through a Digital Subscriber Line (DSL) while connected to the CICS network, as this poses a security risk to the CICS network

CONSENT, ACKNOWLEDGEMENT, WAIVER, MONITORING AND ENFORCEMENT

Prior to the activation of a student’s account on the CICS network, the parent or guardian of the student must provide written authorization (located in the school’s handbook).

All students to whom an account on the CICS network has been assigned shall sign a form acknowledging the requirements of the Policy on student acceptable use and verifying his/her/their successful completion of the CICS Network Internet Orientation.

Users do not have a personal privacy interest in anything created, received or stored on the Internet, CICS network, or electronic mail systems, as these systems are neither secure nor private.

Users expressly waive any right to privacy in anything created, stored, and or received while using CICS computer equipment or Internet access. Users consent to allow CICS personnel to access and review all materials created, stored, sent or received by the User through any of the CICS network or Internet connections.

CICS has the right to monitor and log all aspects of its computer system including, but not limited to, monitoring Internet, CICS network, and electronic mail use to ensure that these resources are being used for educational and school-related purposes, consistent with this Policy.

When a faculty member determines that a student has made inappropriate use of computer equipment or the Internet the faculty member may remove the student from the CICS network. The student may appeal the decision to the Principal/designee of CICS within 30 days of revocation.

NOTIFICATION REGARDING STUDENT ACCOUNTS OR PROFILES ON SOCIAL NETWORKING WEBSITES

In accordance with the Right to Privacy in the School Setting (105 ILCS 75/) students and parents/guardians should be aware of the following:

2. School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student’s account on a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination.

CELLULAR PHONES AND OTHER INFORMATION TECHNOLOGY DEVICES

A principal may allow students to possess cellular phones or other information technology devices by creating a school policy identifying when the items may be authorized, used, and how they must be kept. These include, but are not limited to: computers, cellular phones, smart watches used to exchange or access information, pagers, and personal digital assistants or handheld devices, that are used to access the internet, electronic mail or other information sites and that may or may not be physically connected to the network infrastructure.

A principal may also prohibit cellular phones and other information technology devices but allow individual students to possess them after considering a written request from a parent/guardian. If a principal denies a parent/guardian's request, the parent/guardian may appeal to the SMO Chief of Schools or their designee.

Unless approved by the principal, cellular phones and other information technology devices are not allowed at school. Nothing shall preclude the use of a cell phone or other information technology device by students with disabilities as may be determined necessary by an IEP/504 Team.

If a K-2 student exhibits behavior that presents imminent endangerment to the physical, emotional, or mental safety of specific students and/or staff, the Principal and Charter School's CEO/Executive Director may collaborate with CICS and CPS to request additional services to appropriately support the student. Support may include a plan addressing the safety of students/staff and including strategies for preventing future behavior incidents, restoring relationships, and addressing the student's ongoing social, emotional, and academic needs.

SEARCH AND SEIZURE

In order to maintain order and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. “School Authorities” includes school liaison police officers.

SCHOOL PROPERTY & EQUIPMENT AS WELL AS PERSONAL EFFECTS LEFT THERE BY STUDENTS

School authorities may inspect and search school property and equipment owned or controlled by the school (such as lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The Principal/School Administration may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

STUDENTS

School authorities may search a student and/or the student’s personal effects in the student’s possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or CICS’

student conduct rules. The search itself must be conducted in a manner that is reasonably related to its objective and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

When feasible, the search should be conducted as follows:

1. Outside the view of others, including students,
2. In the presence of a school administrator or adult witness, and
3. By a certified employee or liaison police officer of the same sex as the student.

Immediately following a search, a written report shall be made by the school authority who conducted the search, and given to the Principal and School Administration.

SEIZURE OF PROPERTY

If a search produces evidence that the student has violated or is violating either the law or the District's policies or rules, such evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, such evidence may be transferred to law enforcement authorities.

All property removed as a result of a search that may be legitimately brought onto CICS property will be returned to the individual. Property removed from a student, possession of which violated CICS policy, shall be confiscated and the student will be disciplined in accordance with the Student Code of Conduct. Students who fail to cooperate with school personnel performing their duties may be subject to discipline for insubordination. Individuals who fail to cooperate will be asked to leave CICS property.

METAL DETECTORS

Metal detectors may be used when any one of the following occurs: (1) the administration has reasonable suspicion that a weapon is in the possession of unidentified students, (2) weapons or dangerous objects were found at school, on school property, or in the vicinity of a school, (3) violence involving weapons has occurred at a school or on school property, at school functions, or in a school's vicinity, or (4) a mass search takes place according to CICS standards for when and how metal detector searches are to be conducted.

Signs will be posted to inform individuals that they will be required to submit to a screening for metal as a condition of entering the CICS property. The screening will be conducted by District staff who may be assisted by law enforcement officials.

An individual will be asked to remove metal objects from his or her person prior to use of a metal detecting device. If, after the removal of metal objects, the metal detector activates, the individual will be asked to double-check that he/she removed all metal objects on his or her person, and the metal detecting device will be used again. If the metal detector activates a second time, the individual may be subjected to a pat-down search.

School personnel may inspect the contents of any briefcase, knapsack, purse, or parcel that activates the metal detector for the limited purpose of determining whether a weapon is concealed therein.

PAT-DOWN SEARCH

When feasible, a pat-down search should be conducted: (1) outside the view of others, including students; (2) in the presence of a school administrator or adult witness; and (3) by a certificated employee or liaison police officer of the same sex as the student.

A pat-down search conducted by school personnel shall be limited to clothing for the purpose of discovering items that may have activated the metal detecting device. If school personnel conducting a pat-down search feel an object that may have activated the metal detecting device or may be other prohibited contraband, the individual will be asked to remove it.

Immediately following a pat-down search, a written report shall be made by the school authority who conducted the pat-down search and given to the Chief Academic Officer, or designee.

CONTACTING THE CHICAGO POLICE DEPARTMENT

The inappropriate behaviors that are clear violations of criminal law are identified in the next section with an asterisk (*) before the specific inappropriate behavior. The inappropriate behaviors that may be violations of criminal law are identified in the next section with a double asterisk (**) before the specific inappropriate behavior.

School officials must assess the situation before determining whether or not to contact the Chicago Police Department (“CPD”) to report a criminal act. School officials contact the (CPD) in two situations: (1) to seek assistance with an emergency situation, or (2) to notify law enforcement of alleged illegal behavior (non-emergency situations). To prevent traumatic impacts of police arrest for students and their families, school officials should prioritize a trauma-responsive behavioral health approach that focuses on de-escalation and restorative, mental health interventions based on student needs before considering police involvement.

Emergency Situations: School officials must call 9-1-1 in situations they determine to be safety emergencies that constitute immediate threats of danger or imminent harm to students, staff, or other individuals in the school. This includes but is not limited to:

- Active use, possession, and/or concealment of a firearm/destructive device or other weapon or “look-alikes” of weapons or use or intent to use an object as a weapon to inflict significant bodily harm.
- An act of physical violence or threat of imminent harm by a student that is in progress and unable to be safely de-escalated by CICS staff.
- Bomb threat (6-4) or Arson (6-3).

Non Emergency Situations: School officials will assess the alleged behavior using the below criteria and determine whether CPD must be notified, including the manner of notification. School officials should consider factors including:

- Whether the behavior is related to a student’s disability as outlined in their IEP/504. CICS staff can contact their ODLSS District Representative for additional support.
- The severity of the alleged behavior and the degree of harm to people in the school community, including students and CICS staff.

- Whether a person was physically injured as a result of the student's conduct.
- The student's age, developmental needs, or known trauma history.

Whenever CPD is called, school officials must make reasonable efforts to notify parents/guardians immediately after contacting CPD. Efforts to contact parents/ guardians must include calling all numbers listed on an emergency form and any number supplied by the student, including leaving voice messages when possible if parents/guardians do not answer. School officials should immediately contact the CICS Managing Director of Governance (773-793-2664) after contacting CPD in emergency situations.

Interaction with the Police: In the event CPD must interact with students as a result of a police notification, school officials should follow the below guidelines.

Questioning/Interviews

- If CPD requests to interview or question a student at the school School officials must make all reasonable efforts to ensure that the student's parent/guardian is present during the questioning or, if the parent/guardian is not present, ensure that school personnel, including, but not limited to, a school social worker, a school psychologist, a school nurse, a school guidance counselor, or any other mental health professional, are present during the questioning. The staff member(s) present during police interviews must be someone who was not directly involved in the incident.
- School officials must make reasonable efforts to ensure that a law enforcement officer trained in promoting safe interactions and communications with youth is present during the questioning.

ARRESTS ON SCHOOL GROUNDS

School officials, and CPD should avoid student arrests on school grounds whenever possible. If a responding police officer determines that arrest is necessary, they should coordinate with the principal or designee to find a private location out of sight and sound of other students, to the extent practicable and absent exigent circumstances.

Should a student be arrested on school grounds and the parent/guardian is not present, a school official or designee is required to accompany the student and arresting officer to the police station or follow. The staff member who accompanies or follows the student must be someone who was not involved in the incident resulting in the arrest. The staff member must remain with the student for a reasonable time or until they are no longer needed.

- Student Rights – Prior to any interactions with CPD on school grounds, school officials should provide the student with a written copy of the following rights.
- Student Rights
- Students have the right to refuse to speak to CPD
- Students can refuse to give consent to be searched by the police, including electronic devices. This may not stop the search.
- Students shall not be left alone on CICS property with CPD at any time.
- Students shall not be removed from the classroom or common areas of the school by CPD unless an emergency exists.

RESPONSE TO STUDENT BEHAVIOR

Each teacher, and any other school personnel when students are under their charge, is authorized to impose any disciplinary measure, other than suspension, expulsion, corporal punishment, or in-school suspension, that is appropriate and in accordance with CICS policies and rules on student discipline. Teachers may temporarily remove students from a classroom for disruptive behavior.

CICS Administration, School Principal, Assistant Principal, or Dean of Students is authorized to impose the same disciplinary measures as teachers and may suspend students guilty of gross disobedience or misconduct from school (including all school functions) and from riding the school bus, up to 10 consecutive school days, provided the appropriate procedures are followed. The Campus may suspend a student from riding the bus in excess of 10 school days for safety reasons.

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension and expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

In accordance with 105 ILCS 5/24-24; 23 IAC 1.280, Teachers, other certificated [licensed] educational employees (except for individuals employed as paraprofessionals), and other persons providing a related service for or with respect to a student, may use reasonable force as needed to maintain safety for other students, school personnel, or other persons, or for the purpose of self-defense or defense of property, shall provide that a teacher may remove a student from the classroom for disruptive behavior, and shall include provisions which provide due process to students.

Corporal punishment is prohibited. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

ISOLATED TIME OUT, TIME OUT, AND PHYSICAL RESTRAINT

Neither isolated time out, time out, nor physical restraint shall be used to discipline or punish a student. These methods are only authorized for use as permitted in 105 ILCS 5/10-20.33, State Board of Education rules (23 Ill. Admin. Code Section 1.280, 1.285) and CPS procedure(s) [linked here](#).

CONTINUUM OF DISCIPLINARY OPTIONS

Skill-Building In-School Suspension: A skill-building in-school suspension is the removal of a student from his/her regular educational schedule, for more than 60 minutes of the school day, to an alternative supervised setting inside the school building to engage in structured activities that develop academic, social, emotional, and/or behavioral skills.

A student in grades third through twelfth may be assigned a skill building in-school suspension if:

1. Skill building in-school suspension is listed as an available consequence for the SCC behavior category, and
2. The student was informed of their reported misbehavior, provided an opportunity to respond, and reasonable efforts were made to contact the parents/guardians, and
3. A copy of the misconduct report (generated in the CICS Student Information System) was provided to the student's parents/guardians
4. The suspension length provided is reasonably applied.

Before assigning a student to in-school suspension, the charges will be explained and the student will be given the opportunity to respond to the charges. Students provided with in-school suspension will be given the opportunity to complete classroom work during the in-school suspension for equivalent academic credit.

Out-of-School Suspension: An out-of-school suspension is the removal of the student from class attendance or school attendance. When a student is removed from school in response to an inappropriate behavior, the removal counts as the first day of an out-of-school suspension.

A student in grades third through twelfth may be assigned an out-of-school suspension if:

1. Out-of-school suspension is listed as an available consequence for the SCC behavior category, and
2. The principal or designee determines that the student's attendance at school presents an imminent endangerment to the physical, emotional, or mental safety of specific students/staff and this threat is documented in the District student information system, or
3. The principal or designee determines that the student's behavior has caused chronic or extreme interruption to other students' participation in school activities and prior interventions have been utilized and documented in the District student information system, and
4. The student was informed of his/her reported misbehavior, provided an opportunity to respond, and reasonable efforts were made to contact the parents/guardians, and
5. A copy of the misconduct report (generated in the CICS student information system) was provided to the student's parents/guardians, and
6. The suspension length provided is reasonably applied.

A student serving out-of-school suspension is not allowed to come onto school property, participate in extracurricular activities, or attend school-sponsored events. A student may be considered trespassing if he or she comes onto school grounds while suspended out of school.

The school administration must ensure that a student serving suspension is able to obtain homework, and upon the student's return, provided with the opportunity to make up any quizzes, tests, special projects, or final exams given during the period of suspension. A student serving suspension must be allowed to take state assessments at school and may participate in test preparation activities with principal approval. The student's attendance will still be marked as suspended. The principal must approve any other exception to the out-of-school suspension guidelines.

Suspension Not Exceeding Ten School Days: Students suspended for ten (10) school days or less shall be afforded due process in the following manner:

- The principal, assistant principal, or dean of students meet with the student to discuss, investigate, and assess the situation.
- If a student is found to have violated the SCC in a manner that warrants suspension, the student's infraction will be logged in the appropriate Student Information System. The principal, assistant principal, or dean of students determines the logical duration of the suspension and whether the suspension is served skill building in-school or out-of-school.
- The school principal, assistant principal, or dean of students shall immediately notify the student's parent or guardian of the situation and the disciplinary action with a full written statement of specific misconduct, rationale for duration of suspension, and notice to parents/guardians of their right to review. The school principal, assistant principal, or dean of students shall be available for a follow-up conference with the family, if requested.
- All out-of-school suspensions over three (3) days require a documented re-entry meeting. In developing a re-engagement plan, the principal, assistant principal, or dean of students, will consider ways to prevent future school suspensions, forms of restorative action and supportive intervention strategies to aid in the student's academic success.
- The principal, assistant principal, or dean of students must facilitate a re-engagement meeting for students who are returning from out-of-school suspension of three (3) days or more, expulsion, or from an alternative school setting and or hospital stay.
- The principal, assistant principal, or dean of students will determine whether parent or guardian attendance at a re-engagement meeting is recommended or mandatory. Parents and guardians are welcomed to attend all re-engagement meetings involving their students.
- Students can make up work following their suspensions. Upon returning to school, it is the student's responsibility to make up work in a reasonable time proportional to their suspension. A student's academic performance should not be impacted by participation in in-or-out-of-school suspension.
- Students are allowed to respond to allegations prior to suspension.

- The CICS Board or its designee will be provided all information and summaries for suspensions and expulsions.
- For out-of-school suspensions for longer than three (3) school days, the school will note in the suspension notice whether support services are to be provided during the period of suspension or whether it was determined that there are no such appropriate and available services.
- Within the suspension or expulsion decision, schools will document whether other interventions were attempted or whether it was determined that there were no other appropriate and available interventions.
- It is prohibited that any school encourage any CICS student to drop out or transfer.
- Students shall be given oral or written notice of the misconduct allegations against him/her; an explanation of the basis for the accusation; and an opportunity to present his/her recalling of the incident, in writing, to the principal.

If unsatisfied with the response of the school administration, the student and guardian may appeal and present his/her version of events to the appropriate administrative officer of the SMO that manages the school on behalf of the CICS.

Any suspension shall be reported immediately to the parents or guardian of a pupil along with a full written statement of the reasons for such suspension and a notice of their right to review and appeal. The CICS board or its designee must be given a summary of the notice, including the reason for the suspensions and suspension length. Upon the receipt of an appeal request of the parents or guardian, the CICS board or hearing officer appointed by it shall review such action of the principal, assistant principal, or dean of students. At such review, the parents or guardian of the student may appear and discuss the suspension with the CICS board or its hearing officer. If a hearing officer is appointed by the board, he/she/they shall report to the board a written summary of the evidence heard at the meeting. After its hearing or upon receipt of the writing report of its hearing officer, the board may take such action as it finds appropriate. If a student is suspended pursuant to this subsection, the board shall, in the written suspension decision, detail the specific act of gross disobedience or misconduct resulting in the decision to suspend. The suspension decision shall also include a rationale as to the specific duration of the suspension.

Expulsion: Expulsion is the removal of a student from school for more than ten (10) consecutive days, up to a maximum of two calendar years. A student in grades three through twelve may be referred to an expulsion hearing if the behavior falls within Group 5 or 6 of the SCC.

The CICS CEO's designee will review the expulsion hearing request and determine whether to move forward with an expulsion hearing, refer the student to an intervention program, or refer the student back to the school for intervention/support.

Students expelled as a result of gross disobedience or misconduct shall be afforded due process in the following manner:

- CICS will request that the student's parents or guardian appear before the CICS Board or a hearing officer appointed by it. Such requests will be made by registered or certified mail and state the time, place, and purpose of the meeting. In addition to advanced written notice of the hearing, the student shall be afforded sufficient time to prepare for the hearing, the right to be represented by counsel, and the right to present evidence.
- The expulsion hearing need not take the form of a judicial or quasi-judicial hearing. In no event shall a hearing be considered public. Further, at the discretion of the CICS Board, the hearing may be closed to those individuals deemed advisable, except the student, the student's parents or guardians, the student's attorney, at least one school official, and the Board's attorney at all times. Witnesses shall be admitted to a closed hearing only to the extent necessary to testify. In order for another student to act as a witness, signed written consent of that student's guardian must be obtained prior to the meeting. The following procedures will be included in an expulsion hearing: school presents more than hearsay evidence to prove allegations, parents/guardians and students are allowed to present evidence and cross-examine witnesses, and separation exists between staff members conducting the expulsion, hearing officer and decision-maker.
- The board/board designee, or a hearing officer appointed by it, at such a meeting shall state the reasons for dismissal and the date on which the expulsion is to become effective.
- If a hearing officer is appointed by the board, he/she shall report to the board a written summary of the evidence heard at the meeting and the board may take such action hereon as it finds appropriate.
- If the board/board designee acts to expel a pupil, the written expulsion decision shall detail the specific reasons why removing the pupil from the learning environment is in the best interest of the school.
- The expulsion decision shall also include a rationale as to the specific duration of the expulsion.
- An expelled pupil may be immediately transferred to an alternative program in the manner provided by the Illinois School Code, working in conjunction with the CPS Office of Student Adjudication for school placement.
- A student will be expelled for a duration of two years, adjusted on a case by case basis, for bringing the following items to school; firearm, look-alike firearm, knife, brass knuckles, or other knuckle weapon, billy club or any other object used or attempted to be used to cause bodily harm.

Students in Kindergarten through second grade ("K-2") may not be expelled. If a K-2nd student exhibits behavior that presents imminent endangerment to the physical, emotional, or mental safety of specific students and/or staff, the Charter School's CEO/Executive Director may grant an exception and assign an emergency expulsion after parents/guardians have been notified.

If a student is expelled from CICS, the student may not return to any CICS school for a definite period not to exceed 2 calendar years. The length of the expulsion will be determined on a case-by-case basis by the CICS Board/Board Designee based on the evidence in each individual case and any mitigating factors. The CICS Board/Board Designee may expel a student with disabilities for a definite period not to exceed 2 calendar years, as determined on a case-by-case basis only if the procedural safeguards outlined in the next section are followed.

SUSPENSION AND EXPULSION

If a parent/guardian and/or student wishes to appeal a suspension or expulsion from CICS, there are two options:

1. The parent/guardian and/or student may appeal in writing by sending a letter to the CICS Board before the next regularly scheduled board meeting stating why the parent/guardian and/or student feel the expulsion decision should be overturned. The appeal letter must be received by the date given in the expulsion notice and should be addressed and sent to the Chicago International Charter School Office Managing Director of Governance at 11 E. Adams, Suite 600, Chicago, Illinois 60603.
2. The parent/guardian and/or student may request a meeting with the CICS Board to appeal. If you plan to appeal in person, please email contact@chicagointl.org to schedule an appeal. The Board will then discuss the student and expulsion decision during the executive session and will notify the parent/guardian and student in writing of its decision.

MISCONDUCT BY STUDENTS WITH DISABILITIES/IMPAIRMENTS

All procedural safeguards contained in the SCC and this section are equally applicable to those students with 504 plans. For more information, see [Notice of Procedural Safeguards for Discipline of Students with Disabilities and Impairments](#) (2024). CICS adheres to CPS policies and procedures, including portions of its Student Code of Conduct as it pertains to disciplining students with disabilities.

Schools must support the behavioral needs of students with disabilities/impairments. When the behavior of a student with a disability/impairment impedes their learning or the learning of other students, federal law requires schools to consider using positive behavioral interventions and to implement appropriate supports and other strategies to address the behavior.

Students with disabilities/impairments who violate the SCC can be disciplined, consistent with the procedural safeguards²⁸ outlined under the Individuals with Disabilities Education Act (IDEA), Illinois State Board of Education's Special Education rules, and Section 504 of the Rehabilitation Act of 1973. School officials can suspend students with disabilities/impairments for up to 10 consecutive or 10 cumulative school days in one school year (inclusive of Extended School Year (ESY) days). Educational services do not have to be provided to students with disabilities/impairments during these short-term removals unless services are provided to general education students under similar circumstances.

²⁸ See the ISBE *Notice of Procedural Safeguards for Parents/Guardians of Students with Disabilities* for additional information about procedural safeguards for discipline of students with disabilities/impairments.

Calculating the 10 school-days of suspension.²⁹ When a student with a disability/impairment is removed from school for a full or partial day without receiving the instruction/services in their IEP/504 Plan, this can contribute to the 10 school-days of suspension. This can include:

- In-school suspensions;
- Out-of-school suspensions;
- Bus suspensions; and
- Informal removals (e.g., requesting that a parent pick a student up early or keep a student home from school following a disciplinary incident).

The following removals do not count toward the 10 school-days:

- Saturday, before-, and after-school detentions; and
- In-school suspensions and lunch detentions if, during the suspension or detention, the student continues to participate in the general education curriculum, continues to receive their IEP services, and continues to participate with non-disabled peers to the same extent as specified in the IEPs.

Administrators are not required to suspend students with disabilities/impairments for the recommended periods set forth in this Code for a single incident. Specifically, the Principal or their designee has discretion to suspend students with disabilities/impairments for fewer days than set forth for a single incident. Federal regulations offer some flexibility in suspending students with disabilities/impairments in excess of 10 school days in one school year in certain circumstances. In order to determine whether the circumstances permit a suspension in excess of 10 days per school year, consultation by the school with the Office of Students with Disabilities (OSD) (773 553-1800) is required. **Without approval from the Office of Students with Disabilities (OSD), students with disabilities/impairments cannot be suspended in excess of 10 school days.** A school may not suspend a student with a disability/impairment for more than 10 consecutive or cumulative school days in one school year without providing appropriate educational services per the Student's IEP/504 Plan.

When school officials anticipate a referral for expulsion, including referrals requesting emergency placement pursuant to the SCC, the following apply:

1. School must provide written notice to the parent/guardian or surrogate parent of the request for an expulsion hearing and the date of a Manifestation Determination Review (MDR) meeting, which must be held within 10 school days of the date of the decision to request the expulsion hearing or emergency placement. The School must also provide parent/guardian/surrogate parent with a written copy of Illinois State Board of Education's *Notice of Procedural Safeguards for Parents/Guardians of Students with Disabilities*.
2. At the MDR, the IEP/504 team must:
 - A. Determine whether the misconduct is a manifestation of the student's disability by reviewing all current and relevant information in the student's file, including the student's IEP/504 Plan, evaluation and diagnostic results, information from the parent/guardian, and teacher/staff observations of the student. The behavior is a manifestation of the student's disability if the team finds either or both of the following:

²⁹ For additional information about disciplinary removals for students with disabilities/impairments, what contributes to the 10 school-days of suspension, and informal removals, see the *Office of Diverse Learner Supports and Services IDEA Procedural Manual* which is available at cps.edu/odlss. See also the *ISBE Position Statement on Informal Removals of Illinois Students* at <https://www.isbe.net/Documents/ISBE-Position-Statement-Informal-Removals-of-Students.pdf>.

- 1) the conduct in question was caused by the student's disability or has a direct and substantial relationship to the student's disability;
 - 2) the conduct in question was the direct result of the school's failure to implement the student's IEP/504 Plan (which includes if the student did not consistently receive all services/supports in their IEP/504 Plan)
- B. Review, and revise if necessary, the student's existing behavior intervention plan (BIP) or develop a functional behavior assessment (FBA/BIP) and BIP to address the behavior for which the student is being disciplined.

If the behavior is not a manifestation of the student's disability, school officials may apply the SCC, to the extent they would for students without disabilities, but must continue to provide the student with educational services per their IEP/504 Plan if the removal exceeds 10 school days in a school year. If the behavior is a manifestation of the student's disability, a disciplinary change in placement (e.g., expulsion) cannot occur. All MDRs are subject to review by OSD and CPS Legal Department.

RE-ENGAGEMENT OF RETURNING STUDENTS

The Superintendent or designee shall maintain a process to facilitate the re-engagement of students who are returning from an out-of-school suspension, expulsion, or an alternative school setting. The goal of re-engagement shall be to support the student's ability to be successful in school following a period of exclusionary discipline and shall include the opportunity for students who have been suspended to complete or make up work for equivalent academic credit.

SECTION 5: PARENT AND COMMUNITY ENGAGEMENT

SCHOOL VISITOR POLICY

Meridian Charter Schools and CICS encourage parents/guardians and community members to visit the school and believe that there are many potential benefits that can result from increased interaction with the public. At the same time, our school has a legitimate interest in avoiding disruption to the educational process, protecting the safety and welfare of the students and staff, and protecting the school's facilities and equipment from misuse or vandalism. Trespassing on school grounds is prohibited.

As a result, visitors are allowed beyond the main office when entry is required to conduct school-related business with the school and/or school staff or when individuals are authorized to attend a scheduled activity or function.

The following guidelines are required for visitors.

- A visitor is defined as any person seeking to enter a school building who is not an employee of the school or a student currently enrolled in that building.
- All visitors must enter through the Main Entrance Door and immediately go to the Main Office, sign in, state the purpose of their visit, the floor or room they wish to visit, and obtain a visitor pass from the Main Office. A valid, government-issued photo ID is required and will be scanned via ID swipe software. Visitor passes must be displayed in a clearly visible location, worn at all times, and returned to the main office immediately prior to leaving the building.
- Whenever possible, visitors should schedule an appointment with the person(s) they wish to see in advance. At the discretion of the Principal, such prior authorization may be waived. Visitors wishing to conference with teachers or school staff members during school hours are encouraged to make arrangements in advance. There is no guarantee that the teacher or staff member will be available if an appointment has not been made in advance.
- Visits may be prohibited at certain times, such as the first and last weeks of school, immediately before or after school breaks or major holidays, and while standardized testing or other student assessments are being conducted.
- Recordings (video, photo, audio) are not allowed while on campus unless permission has been secured in advance of the visit.
- Visitors may be subject to a search of their person or items in their possession upon entry of school property.
- Meridian Charter Schools reserves the right to deny any individual the right to visit the school, or remove any visitor who is disrupting the safety and security of the students or staff.
- All school visitors must comply with school policies, in addition to all local, state, and federal laws at all times.

Please note that as a school, our first commitment is to serve our students at a high level of quality throughout the school day.

Classroom Visit Guidelines:

- Observe silently when a teacher is with a class;
- Position yourself in a location where you are not obstructing the learning of any student;
- Only address students with prior administration or teacher permission and keep any discussion to a very minimum level and your volume minimal if you are speaking.

Exceptions to Visitor Requirements:

- Parents/guardians or City of Chicago community members who have been invited to visit Meridian Charter Schools as part of a scheduled open house, special event, scheduled performance by a class, team or group, or other adult participants in organized and school approved activities during off-school hours, may be exempt from the requirements listed above with Principal approval.
- Access to classrooms or other instructional areas of the school may be restricted upon the recommendation of the teacher or as otherwise deemed necessary by the School Principal. This avoids potential for distractions to learning and or testing.
- The School Principal has the authority to exclude from the school premises any person who disrupts or who appears likely to become a disruption to the educational program. Any such individual shall be directed to leave the school premises immediately, and law enforcement authorities shall be called if necessary.

SCHOOL VOLUNTEER POLICY

Volunteer Application: Prospective volunteers must complete a Volunteer Application online and register with Family and Community Engagement (FACE) by completing the required CPS volunteer application forms and satisfying the requirements of the applicant review process. You can register with FACE by [clicking this link and selecting either New Volunteers or Returning Volunteers](#). Staff may support volunteers in filling out the online application. Registration is valid for one year only. All volunteers must disclose any criminal convictions as outlined by Illinois Statute: 105 ILCS 5/34-18.5(c). Failure to accurately disclose information on any portion of the application form may result in immediate disqualification for volunteer service. Volunteer background checks and approvals are based on the number of hours serving in a school building.

Level 1 Volunteers: Level 1 volunteers include individuals providing more than 10 hours of service per week or those involved in specific roles regardless of hours, and is the highest level of volunteering. As part of the application process, volunteers will be asked to complete a background check (found in the Level 1 Volunteer Packet linked below), submit negative TB test results that are less than two years old, and complete the mandatory training online. The cost of the background check is covered by Meridian and can take up to 30 business days to clear. Meridian does not cover the cost of the TB test. Level I Volunteers must also complete the Level I Volunteer packet and email it to HR@meridiancharterschools.org (in addition to registering with FACE).

[Link to Level 1 Volunteer Packet](#)

Examples of Level I Volunteer Activities: This includes chaperones for overnight trips, coaches, student teachers, and parents assisting without direct supervision from a Meridian employee.

Level 2 Volunteers: Level 2 volunteers offer less than 10 hours of service per week or assist with projects that involve minimal contact with children and direct supervision from a Meridian employee. This

includes career day presenters, guest judges, and those helping when classes are not in session. They do not require a fingerprint background check but are subject to thorough state and federal database searches. Level 2 volunteers must [register with FACE by clicking this link](#).

Any interested volunteers should contact the school directly.

Caregiver Committees: The Parent Committee is established to foster collaboration between caregivers, teachers, and school leadership, ensuring that families have a voice in the educational experience and development of their children. The committee aims to support school initiatives, enhance communication, and create a strong school community. The committee will work collaboratively to accomplish the following:

- To provide a structured platform for families to participate in school decision-making processes.
- To facilitate effective communication between families and the school leadership.
- To support and organize school events, programs, and activities.
- To promote a positive and inclusive school culture.
- To advocate for the needs and concerns of students and families.

TITLE I PARENT AND FAMILY ENGAGEMENT POLICY

In accordance with federal law (20 U.S.C. § 6318), Meridian Charter Schools are committed to meaningful parent and family engagement in the academic success of our students. Families of Title I students are provided opportunities to participate in school planning, goal setting, and improvement efforts through school-based caregiver committees and engagement events. This policy is available in an understandable and uniform format, and, to the extent practicable, will be provided in the parent/guardian's home language.

The Title I Parent and Family Engagement Policy is shared annually with families and is available in printed form upon request. It is also accessible to the broader school community through the Meridian Charter Schools website. For questions or additional support, please contact your school's main office.

Release of Student Information to Military and Institutions of Higher Education: Parents may deny access to their student's name, address, and phone number to official recruiting representatives of the armed forces of Illinois and the United States and State public institutions of higher education by submitting a signed, written request to the high school before the end of the student's sophomore year.

Opt Out of Recruiter Release of Information: If you do not want CICS Northtown Academy or CICS Ralph Ellison Academy to disclose directory information from your child's education records without your prior written consent, please check the opt out option for military and the opt out option for colleges and universities at the end of this handbook. Return this document to the school main office.

Custody: Meridian Charter Schools will assume a student's parent has unrestricted access to the student and the student's records regardless of parental relationship status.

In cases where a student's parent(s) has limited or restricted access to the student or the student's records, it is the parents' responsibility to inform the school of such and provide the school with appropriate supporting legal

documentation and update such documentation with the school accordingly. Mailings and student information are directed to the designated primary caregiver.

A request must be made, in person or in writing, to the school's Main Office for student records and/or school correspondence to be provided to a secondary caregiver.

Asbestos Public Notice: In accordance with the US EPA AHERA regulations, Campus Inspection Report and Management Plan was submitted to the Illinois Department of Public Health on October 12, 1989. A copy of the Management Plan is on file in the Building Manager's office and is available for inspection by appointment only with the administration. Plans cannot be removed from the school premises. On July 1, 1989, all asbestos containing acoustical plaster was removed from each of the seven stairwells. All work was performed in accordance with EPA and OSHA Guidelines, as well as Illinois Department of Public Health Asbestos Abatement Regulations. A copy of the school's Asbestos Management Plan is available for inspection upon request.

PURPOSE

The Illinois General Assembly has found that a safe and civil school environment is necessary for students to learn and achieve. Bullying and bias-based behaviors are directly contrary to this and can cause physical, psychological, and emotional harm to students and interfere with their ability to learn and participate in school activities. A safe and civil school environment is necessary for students to learn and achieve. Chicago International Charter Schools (CICS) promotes a safe and secure learning environment for all students and takes allegations and reports of bullying very seriously. If you suspect your child is being bullied, please contact an administrator or your child's teacher. The sooner the school knows, the sooner the school can intervene and work to improve the situation.

Bullying can cause physical, psychological, and emotional harm to students and can interfere with their ability to learn and participate in school activities. The CICS Board, in conjunction with all CICS school staff, work to provide a non-threatening and non-violent environment for all students.

The definitions for 'bullying' and 'cyber-bullying' are found on the next page of this document.

The bullying of one student by another student on school property, in school vehicles, at designated school bus stops, at school related functions or activities, or by use of data or software that is accessed through a computer, computer system, computer network, or other electronic technology or devices of a local school system is prohibited.

CICS and school staff asks every CICS student, with the support of his/her parent(s), guardian(s) and the adults at school, to commit to the following principles, which will apply to everyone on school property and at school-related activities:

- I will not bully or intentionally harm others.
- I will try to help anyone I suspect is being bullied or harmed.
- I will work to include students who are left out.
- If someone is being bullied or harmed, I will tell an adult at school and an adult at home.

Bullying and bias-based behaviors are contrary to a number of local, state, and federal laws and statutes. This Policy protects CICS students against interpersonal harm from bullying and bias based behaviors. CICS recognizes the particular vulnerability of students with actual or perceived disabilities and those who identify as or are perceived to be lesbian, gay, bisexual, or transgender. Nothing in this Policy is intended to infringe upon any expression protected by the First Amendment to the United States Constitution or Section 3 of Article I of the Illinois Constitution.

Bullying and bias-based behaviors are prohibited:

- 1) During any school-sponsored or school-sanctioned program or activity;
- (2) In school, on school property, on school buses or other CICS-provided transportation, and at designated locations for students to wait for buses and other CICS-provided transportation ("bus stops");

- 2) Through the transmission of information from a CICS computer or computer network, or other electronic school equipment;
- 3) When communicated through any electronic technology or personal electronic device while on school property, on school buses or other Board-provided transportation, at bus stops, and at school-sponsored or school-sanctioned events or activities;
- 4) When it is conveyed that a threat will be carried out in a school setting, including threats made outside school hours with intent to carry them out during any school-related or sponsored program or activity or on CICS-provided transportation;
- 5) When it is a Student Code of Conduct (“SCC”) Group 5 or 6 behavior that occurs off campus but most seriously disrupts any student’s education.

DEFINITIONS

“Bias-Based Behavior” is any physical, verbal, nonverbal, or other act or conduct, including communications made in writing or electronically, directed toward a member or perceived member of a protected category within the school community that is of a discriminatory or harmful nature.

“Bullying” means any physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students, and meets all of the following criteria. *Note: if the behavior or part of the behavior is bias-based or targeted at a member of a protected category please see the responding to bias-based behaviors guidelines.*

- 1) An observed or perceived imbalance of power exists between the person(s) engaging in the bullying behavior(s) and the targeted student(s).
- 2) The behaviors are severe or pervasive (repeated over time), or there is a high likelihood that behaviors will be repeated. While bullying is often characterized by repeated acts, sometimes a single incident constitutes bullying depending on the severity and if other elements of bullying are present.
- 3) The intent of the person(s) engaging in the behavior is to cause physical or emotional harm to the targeted student(s).
- 4) The behavior has or can be reasonably predicted to have one or more of the following effects:
 - a) placing the student in reasonable fear of harm to the student's person or property;
 - b) causing a substantially detrimental effect on the student's physical or mental health;
 - c) substantially interfering with the student's academic performance; or (d) substantially interfering with the student's ability to participate in or benefit from the services, activities, or privileges provided by a school.

Bullying may take various forms, including without limitation, one or more of the following: harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying. This list is meant to be illustrative and non-exhaustive.

“Cyberbullying” means using information and communication technologies to bully. This definition includes cyberbullying by means of technology that is not owned, leased, or used by the school district when an administrator or teacher receives a report that bullying through this means has occurred. This Policy does not require a district or school to staff or monitor any non-school-related activity, function, or program.

“Discrimination” is treating an individual less favorably because of their actual or perceived membership in one or more of the Protected Categories.

“Harassment” is any unwelcome verbal, nonverbal, visual, or physical conduct that is based on an individual’s actual or perceived membership in one or more of the Protected Categories, as defined in the Final New Comprehensive Non-discrimination, Harassment, Sexual Harassment, Sexual Misconduct And Retaliation Policy, that is persistent, pervasive, or severe and objectively offensive and unreasonably interferes with, limits, or denies an individual’s educational or employment access, benefits, or opportunities. Unwelcome conduct may include, but is not limited to, bullying, intimidation, offensive jokes, slurs, epithets or name calling, assaults or threats, touching, ridicule or mockery, insults or put-downs, offensive objects or pictures, messages sent via email, text or social media, sexual advances, requests for sexual favors, conduct of a sexual nature, or any other sex-based conduct.

“Microaggressions” are the everyday verbal, nonverbal, and environmental slights, snubs, or insults, whether intentional or unintentional, which communicate hostile, derogatory, or negative messages to target persons based solely upon their actual or perceived Protected Category membership such as race, sexual orientation, and gender identity (Adapted from Wing Sue, Derald. "Racial Microaggressions in Everyday Life," 2010).

“Protected Categories” are an individual’s actual or perceived sexual orientation, gender or sex (includes gender identity, gender expression, pregnancy, childbirth, breastfeeding, and pregnancy related medical conditions), race or ethnicity, ethnic group identification, ancestry, nationality, national origin, religion, color, mental or physical disability, age (40 and above), immigration status, marital status, registered domestic partner status, genetic information, political belief or affiliation (not union related), military status, unfavorable discharge from military service, or on the basis of a person's association with a person or group with one or more of these actual or perceived characteristics, or any other basis protected by federal, state or local law, ordinance, or regulation.

“Peer Conflict” means disagreements and oppositional interactions that are situational, immediate, and developmentally appropriate. Conflicts arise when two or more students with relatively similar observed or perceived power have differences in opinion or perspectives. When school employees are aware of peer conflict, they are expected to guide students in developing new skills in respectful communication, personal boundaries, and peaceful conflict resolution.

“Racial Discrimination” is any distinction, exclusion, restriction or preference based on race, color, community, national or ethnic origin which has the impact of nullifying or impairing the recognition, enjoyment or exercise, of a right to an equitable educational experience and fundamental freedoms in the social, economic, cultural, political, and linguistic aspects of school, school and district life (Adapted from United Nations, 2019).

“Retaliation” means any form of intimidation or adverse action or change to educational program or activity taken against a student for having made a complaint or report of bullying or bias based behaviors whether made internally or externally with federal, state, or local agency, or for participating, aiding, or refusing to participate in an investigation, proceeding, or hearing related to a report or complaint of bullying or bias based behaviors.

“Restorative Measures” means a continuum of school-based alternatives to exclusionary discipline, such as suspensions and expulsions that are adapted to the particular needs of the school and community, contribute to maintaining school safety, protect the integrity of a positive and productive learning climate, teach students the personal and interpersonal skills they will need to be successful in school and society, serve to build and restore relationships among students, families, schools, and communities, and reduce the likelihood of future disruption by balancing accountability with an understanding of students’ behavioral health needs. Restorative practices are ways of pro-actively developing relationships and community, as well as repairing community when harm is done. After conflict or harm, Restorative Practices provide a way of thinking about, talking about, and responding to issues and problems by involving all participants to discuss their feelings and opinions, identify what happened, describe how it affected everyone, and find solutions to make things better.

PREVENTING BULLYING AND BIAS-BASED BEHAVIORS

All CICS principals and staff shall work to develop safe and supportive school environments that prevent bullying and bias-based behaviors through:

- Developing supportive school climate strategies, including clear expectations and share agreements to guide interactions between students, and between staff and students.
- Teaching all students social and emotional skills and establishing classroom and school-wide practices that promote relationship-building, including teaching all school stakeholders to speak out when they see or hear bullying, degrading language, and bias or prejudice.
- Establishing predictable responses and effective disciplinary practices that address root cause, teach skills, build empathy, and repair harm. Ensure all students, staff, and stakeholders know how your school plan to respond to bullying and harassment.
- Committing to welcoming and inclusive practices that center belonging, affirm cultural differences, and address and support the transformation of bias-based harm.

INTERVENING TO ADDRESS BULLYING

A. Responsibilities of CICS Employees and Contractors

All CICS employees and contractors, including security officers, lunchroom staff and bus drivers, who witness incidents of bullying or school violence or who possess reliable information that would lead a reasonable person to suspect that a person is a target of bullying, must:

- 1) Intervene immediately in a manner that is appropriate to the context and ensures the safety of all people involved;
- 2) Report the incident of bullying or retaliation to the Principal/Designee as soon as practicable, but within 24 hours, on the CICS Bullying Complaint Form (Attachment A); and
- 3) Cooperate fully in any investigation of the incident and in implementing any safety plan established by the Principal/Designee.
- 4) School based staff who witness or become aware of must report any and all instances of bias based behaviors to the principal who must complete an Aspen Report and answer in the affirmative the question related to bias-based and discriminatory behavior within one school day.
- 5) Staff unable to access Aspen or for any questions or assistance, may contact the CICS (312-651-5000) or email bullyingreport@chicagointl.org

No student who witnesses bullying may stand by or participate in the bullying, but must notify an adult at school and an adult at home as quickly as practicable. Any parent or guardian who witnesses or is notified of bullying has an obligation to advise the Principal or SMO Staff as quickly as possible. Reports can be submitted to the CICS Principal (contact information for the Director/Designee is available on the CICS Campus website), or by contacting CICS (312-651-5000) or emailing BullyingReport@chicagointl.org. No disciplinary action will be taken on the sole basis of an anonymous report.

Bullying report template can be found in Attachment A. Every report **MUST** be captured in ASPEN for reporting purposes in accordance with state law. No disciplinary action will be taken on the sole basis of an anonymous report. Parent(s) and/or guardian(s) are asked to monitor their children's personal devices at home to ensure that they are not engaging in bullying and/or cyber-bullying, via Facebook, Instagram and other social media.

INVESTIGATION

1. Ensure safety. The Principal or his/her designee will provide immediate support to any targeted student(s) to ensure safety.
2. The Principal shall select a campus representative knowledgeable about bullying prevention and intervention to perform the investigation.
3. Investigation of a bullying incident to the maximum extent possible shall be initiated within five school days of receipt of a report and completed within 10 school days, unless the Principal grants an additional 5-day extension due to extenuating circumstances. The Principal/Designee shall document the extension in the investigation report and shall notify the parties involved. Designee shall notify the Principal upon completion of the investigation reports as soon as possible.

4. The investigation shall include:

- a. Identifying the alleged perpetrator(s), target(s) and bystander(s), as well as any adult who witnessed the incident or may have reliable information about it.
- b. Conducting an individual interview in a private setting with the alleged perpetrator and target. The alleged perpetrator and target should never be interviewed together or in public. Individual interviews may also be conducted in private with student and adult bystanders.
- c. Determining how often the conduct occurred, any past incident or continuing pattern of behavior, and whether the target's education was affected.
- d. Assessing the individual and school-wide effects of the incident relating to safety, and assigning school staff to create and implement a safety plan that will restore a sense of safety far from the target and other students who have been impacted.
- e. When appropriate, preparing a Misconduct Report prepared by the campus identifying his/her recommendation for individual consequences.

5. Document the details of the investigation.

6. All relevant information shall be transmitted into PowerSchool and Aspen for tracking purposes in accordance with the guidelines, including information identifying the areas of the Campus where bullying occurred, the type of bullying utilized and any bystander intervention or participation.

NOTIFICATION

On the same day the investigation is initiated, consistent with federal and state laws and rules governing student privacy rights, the Principal/Designee shall report to the parent/ legal guardian of all known involved students, via telephone, personal conference and/or in writing, the occurrence of any alleged incident of bullying, and shall document these notifications in the Incident Report in PowerSchool. Upon notifying the parent/legal guardian of the occurrence of any alleged incident of bullying, the Director/Designee shall also discuss with the parent/legal guardian, as appropriate, the availability of social work services, counseling, school psychological services, other interventions and restorative measures. When the investigation is complete, the Director/Designee shall notify the parents/legal guardians of all students involved of the outcome of the investigation. Parents/legal guardians of the students who are parties to the investigation may request a personal conference with the school director/Designee to discuss the investigation, the findings of the investigation, the actions taken to address the reported incident of bullying, and any resources available in or outside the school to help the students address the underlying reasons for the bullying. If the investigation results in the imposition of consequences, the Director/Designee may advise the parent/ legal guardian of students other than the perpetrator that the CICS Student Code of Conduct was followed. S/he may not advise them of the specific consequence imposed, as that would violate the confidentiality of school-record information required by law.

If the target or perpetrator is a student with a disability, the school shall consider convening the IEP Team to determine whether additional or different special education or related services are needed to address the student's individual needs and revise the IEP accordingly.

ASSIGNING INTERVENTIONS AND/OR CONSEQUENCES

Many peer conflicts can be resolved immediately and do not require reporting or creation of a Misconduct or Incident Report. If, however, a conflict is ongoing and meets the definition of bullying, the investigation procedures in this policy must be followed.

Schools must respond to bullying in a manner tailored to the individual incident, considering the nature of the behavior, the developmental age of the student, and the student's history of problem behaviors and performance. CICS campuses should avoid using punitive discipline (detention, suspensions, and expulsions) if any other method or consequence can be used with fidelity.

When an investigation determines that bullying occurred, the Principal/Designee shall explain the consequences in a non-hostile manner, and shall impose any consequence immediately and consistently. The Principal/Designee shall keep communicating and working with all parties involved until the situation is resolved. Some key indicators of resolution include:

- The perpetrator is no longer bullying and is interacting civilly with the target.
- The target reports feeling safe and is interacting civilly with the perpetrator.
- School staff notices an increase in positive behavior and social-emotional competency in the perpetrator and/or the target.
- School staff notices a more positive climate in the areas where bullying incidents were high.

CICS prohibits reprisal or retaliation, in any form, against any person who reports an act of bullying or harassment or cooperates in an investigation. The consequences and appropriate remedial action for a person who engages in reprisal or retaliation shall be determined by the Director/Designee after consideration of the nature, severity and circumstances of the act.

CICS prohibits any person from falsely accusing another as a means of bullying or harassment. The consequences and appropriate remedial action for a person found to have falsely accused another as a means of bullying or harassment may include, but are not limited to, positive behavioral interventions and disciplinary action when deemed necessary.

REFERRALS

Upon completion of the investigation, the Principal/Designee shall consider referring students who bully to positive-behavior small-group interventions (for anger management, trauma or social skills), social work services, restorative measures, social-emotional skill building, counseling, community-based services or school psychological services within the school, if possible, to reinforce the behavioral expectation they violated and increase their social-emotional competency.

Following a bullying incident, school staff will be assigned to create and implement a plan that will restore a sense of safety for the targeted student and other students who have been impacted. The team will then determine any other interventions that may be appropriate. Upon completion of the investigation, the Principal/Designee shall consider asking a school mental health professional to refer these students to individual or group therapy where they can openly express their feelings about their bullying experience, social-skills training and/or groups where they can practice assertiveness and coping mechanisms, or social work, counseling or school psychological services available within the school.

POLICY EVALUATION

This Policy is based on the engagement of a range of school stakeholders including students, parents, and staff. This policy is consistent with the policies of the CICS Board, charter school, or non-public, non-sectarian elementary or secondary school. Every two years, CICS will conduct policy evaluation to assess the outcomes and effectiveness of this policy that includes, but is not limited to, factors such as the frequency of victimization; student, staff, and family observations of safety at a school; identification of areas of a school where bullying occurs; the types of bullying utilized; and bystander intervention or participation.

Appendix B: PROCEDURAL SAFEGUARDS FOR DISCIPLINE OF STUDENTS WITH DISABILITIES/IMPAIRMENTS

Schools must support the behavioral needs of students with disabilities/impairments. When the behavior of a student with a disability/impairment impedes their learning or the learning of other students, federal law requires schools to consider using positive behavioral interventions and to implement appropriate supports and other strategies to address the behavior.

Students with disabilities/impairments who violate the SCC can be disciplined, consistent with the procedural safeguards³⁰ outlined under the Individuals with Disabilities Education Act (IDEA) and Section 504 of the Rehabilitation Act of 1973. School officials can suspend students with disabilities/impairments for up to 10 consecutive or 10 cumulative school days in one school year (inclusive of Extended School Year (ESY) days). Educational services do not have to be provided to students with disabilities/impairments during these short-term removals unless services are provided to general education students under similar circumstances.

Calculating the 10 school-days of suspension.³¹ When a student with a disability/impairment is removed from school for a full or partial day without receiving the instruction/services in their IEP/504 Plan, this can contribute to the 10 school-days of suspension. This can include:

- In-school suspensions;
- Out-of-school suspensions;
- Bus suspensions; and
- Informal removals (e.g., requesting that a parent pick a student up early or keep a student home from school following a disciplinary incident).

The following removals do not count toward the 10 school-days:

- Saturday, before-, and after-school detentions; and
- In-school suspensions and lunch detentions if, during the suspension or detention, the student continues to participate in the general education curriculum, continues to receive their IEP services, and continues to participate with non-disabled peers to the same extent as specified in the IEPs.

Administrators are not required to suspend students with disabilities/impairments for the recommended periods set forth in this Code for a single incident. Specifically, the Principal or their designee has discretion to suspend students with disabilities/impairments for fewer days than set forth for a single incident. Federal regulations offer some flexibility in suspending students with disabilities/impairments in excess of 10 school days in one school year in certain circumstances. In order to determine whether the circumstances permit a suspension in excess of 10 days per school year, consultation by the school with the Office of Diverse Learner

³⁰ See the ISBE *Notice of Procedural Safeguards for Parents/Guardians of Students with Disabilities* for additional information about procedural safeguards for discipline of students with disabilities/impairments.

³¹For additional information about disciplinary removals for students with disabilities/impairments, what contributes to the 10 school-days of suspension, and informal removals, see the *Office of Diverse Learner Supports and Services IDEA Procedural Manual* which is available at cps.edu/odlss. See also the *ISBE Position Statement on Informal Removals of Illinois Students* at <https://www.isbe.net/Documents/ISBE-Position-Statement-Informal-Removals-of-Students.pdf>.

Supports and Services (773 553-1800) is required. **Without approval from the Office of Diverse Learner Supports and Services, students with disabilities/impairments cannot be suspended in excess of 10 school days.** A school may not suspend a student with a disability/impairment for more than 10 consecutive or cumulative school days in one school year without providing appropriate educational services per the Student's IEP/504 Plan.

When school officials anticipate a referral for expulsion, including referrals requesting emergency placement pursuant to the CPS SCC, the following apply:

1. School must provide written notice to the parent/guardian or surrogate parent of the request for an expulsion hearing and the date of a Manifestation Determination Review (MDR) meeting, which must be held within 10 school days of the date of the decision to request the expulsion hearing or emergency placement. School must also provide parent/guardian/surrogate parent with a written copy of Illinois State Board of Education's *Notice of Procedural Safeguards for Parents/Guardians of Students with Disabilities*.
2. At the MDR, the IEP/504 team must:
 - a. Determine whether the misconduct is a manifestation of the student's disability by reviewing all current and relevant information in the student's file, including the student's IEP/504 Plan, evaluation and diagnostic results, information from the parent/guardian, and teacher/staff observations of the student. The behavior is a manifestation of the student's disability if the team finds either or both of the following:
 - i. the conduct in question was caused by the student's disability or has a direct and substantial relationship to the student's disability;
 - ii. the conduct in question was the direct result of the school's failure to implement the student's IEP/504 Plan (which includes if the student did not consistently receive all services/supports in their IEP/504 Plan)
 - b. Review, and revise if necessary, the student's existing behavior intervention plan (BIP) or develop a functional behavior assessment (FBA) and BIP to address the behavior for which the student is being disciplined.

If the behavior is not a manifestation of the student's disability, school officials may apply the SCC, to the extent they would for students without disabilities, but must continue to provide the student with educational services per their IEP/504 Plan if the removal exceeds 10 school days in one school year. Students with disabilities, even if expelled, must be provided with an appropriate education in an alternative educational setting.

If the behavior is a manifestation of the student's disability, a disciplinary change in placement (e.g., expulsion) cannot occur. Students with disabilities, even if expelled, must be provided with an appropriate education in an alternative educational setting.

While MDRs must be held within 10 school days of a request for emergency placement, students with disabilities/impairments can be emergency placed immediately upon approval of the emergency placement, even if this occurs prior to the MDR. Emergency placements for students with disabilities/impairments can be approved for up to 45 school days regardless of the results of the MDR.

All MDRs are subject to review by the Office of Diverse Learner Supports and Services (ODLSS) and CPS Legal Department.

Appendix C: NOTIFICATION OF RIGHTS UNDER FERPA

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights include:

- The right to inspect and review the student's education records within 45 days after the School receives a request for access. Parents or eligible students can initiate a request by writing a message to the Principal [or appropriate school official] identifying the record(s) they wish to inspect. The Principal will make arrangements for access and notify the parent or eligible student of the time and place where records may be inspected.
- The right to request an amendment of the student's education records that the parent or eligible student believes are inaccurate. If a parent or eligible student believes a record is inaccurate, an amendment can be requested by writing a message to the School's Principal [or appropriate school administrator] clearly identifying the part of the record they want changed, specifying why it is inaccurate. Another exception that permits disclosure without consent is the release of 'Directory Information' that consists of contact information such as parent/guardian name, phone number and address. Should you wish to restrict the school from disclosing this Directory Information, contact the school office immediately referencing this Section.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the School discloses education records without consent to officials of another school in which a student seeks or intends to enroll.
